

EMBARGO MAY BE PLACED ON FREIGHT

SENATE HASTENS TO FINAL FIGHT ON PEACE TREATY

House Passes R. R. Bill; Ready For Its Short Recess

KILLS WIFE, THEN ENDS OWN LIFE

(ASSOCIATED PRESS DISPATCH)
WASHINGTON, Nov. 18.—With the leaders determined to clear a way before adjournment the long list of peace treaty reservations offered by individual senators, the senate expected today to pave the way for a final ratification vote tomorrow or Thursday. It was arranged to meet two hours earlier than usual and to stay in session into the evening if necessary to bring the last of the reservations to a vote.

It was generally admitted that very few of the pending proposals had a chance of adoption. The 13 reservations of the foreign relations committee, already adopted, reached the maximum to which the mild reservation republicans had pledged support, but it was expected they would be for further qualifications regarding the labor provisions and equality of voting in the league of nations.

While the senate managers hurried debate under the cloture rule, there were many informal conferences in progress as a result of the final drive of the administration forces to break down by compromise the majority reservation, which President Wilson had made known he would regard as a rejection of the treaty. The democrats planned an early conference to perfect details of their program which provide for voting down the majority's ratification resolution and then settling together with their mild reservation group on some sort of a compromise.

HOUSE ABOUT THROUGH
WASHINGTON, Nov. 18.—Having passed the Esch railroad bill at its session last night, the house today virtually began a recess to be continued until the opening of the regular session of congress in December.

The last formal meeting of the house in the extraordinary session that was begun last May 19, was on the program today, republican leaders hoping to adopt a resolution continuing the government control of dye imports until next January 15.

Under an agreement of leaders that practically no business would be attempted until the regular session, many representatives left Washington today for their homes to get a brief "vacation" before general resumption of legislative work next month. Among the few house committees attempting work during the "vacation" will be the immigration committee headed by Representative Johnson, Washington, which will conduct an inquiry into the delays of deporting aliens, held at Ellis Island.

The house plan of permanent railroad legislation, as incorporated in the Esch bill, was formally sent to the senate today. The final vote on the measure showed the first pronounced division between house republicans and democrats, the latter generally opposing the bill because of the government guaranty of railroad revenues during the first six months of renewed private operation.

Wilson Vetoes Commerce Bill

WASHINGTON, Nov. 18.—President Wilson today vetoed the bill restoring to the interstate commerce commission its pre-war rate-making power.

Chairman Cummins of the interstate commerce committee, author of the bill, said it was not likely that any attempt would be made to pass the measure over the president's veto as the rate-making powers of the commission would be restored to private operation January 1. Senator Cummins said the president's action was not a surprise.

CANTON STILLS RAIDED
CANTON, O., Nov. 18.—Two complete whiskey stills, large quantities of mash and 11 quarts of "moonshine," whiskey were confiscated by police in two raids on houses in the northeast end of the city yesterday while two men and a woman were arrested and are held for federal officers.

(ASSOCIATED PRESS DISPATCH)
HAROLD, O., Nov. 18.—After shooting and fatally injuring his wife, aged 40, and firing at but missing his son, Harold, 16, W. T. Bishop, 32, a local real estate dealer, late last night turned his gun upon himself dying instantly.

Mrs. Bishop died two hours later in the hospital. According to police evidence, insane jealousy prompted the act. Harold Bishop who was in the room with his parents when the shooting occurred escaped through a door when his father, dying, raised himself from the floor and leveled the pistol at him. Three younger children were sleeping in the house at the time.

Kansas Mines Taken Over by State Officials
(ASSOCIATED PRESS DISPATCH)
PITTSBURG, Kan., Nov. 18.—First steps toward operation of the coal mines of Crawford and Cherokee counties, under a receivership created for the purpose by the state supreme court were taken here today by state authorities who predicted that actual hoisting of coal would begin within a few days.

Whether the men would resume work was uncertain in view of statements by some of the leaders that the matter was purely optional with the strikers. Governor Henry J. Allen was expected to arrive today to urge the men to return so that the people of the state might not suffer from a coal shortage. The receivership affects about 150 mines, the daily output of which is 36,000 tons.

Austrian Music Is Not Wanted At Louisville

LOUISVILLE, Ky., Nov. 18.—The proposed appearance here Thursday of Fritz Kreisler, well known Austrian violinist, has been called off by the Louisville Fine Arts League upon complaint of the local chapter, American Legion.

The legion officers said their action was based on a resolution adopted by the national convention in Minneapolis, which condemned all efforts to generate sympathy for Germany and her allies through operas, plays, performers and artists of enemy countries.

Official Figures On H. C. L. Status

WASHINGTON, Nov. 18.—Prices of many articles of food increased in August but in most cities beef prices showed declines. A report today by the bureau of labor statistics listed increases as follows: Eggs and rice 6 per cent each; potatoes and raisins 4 per cent; evaporated and fresh milk, coffee and prunes 3 per cent; pork chops, butter, corn meal, rolled oats, navy beans and sugar 2 per cent, and canned salmon, oleomargarine, cheese, bread, macaroni and oranges, 1 per cent. Ham, margarine and tea showed an increase of less than five-tenths of 1 per cent.

Clergy Begin a Probe of Steel Workers' Strike

PITTSBURGH, Pa., Nov. 18.—An investigation of the strike of steel workers was launched here today by an independent commission of inquiry, composed of bishops and other clergymen appointed in the inter-church movement of North America at the recent national industrial conference in New York. Bishop F. J. McConnell, Denver, in charge of the inquiry, announced today that an effort would be made to hear every person, who can offer testimony relative to the cause of the strike. He added that steel plant heads, labor leaders and others had been summoned to appear as witnesses before the commission. Dr. Nicholas Van der Pyle, Oberlin, Ohio, is a member of the commission.

Men of Lima--Pen Pictures

L. E. LUDWIG, Attorney at Law

One Shot While Rioting Is On at Cleveland

CLEVELAND, O., Nov. 18.—One man was shot and three others injured in three minor steel strike disturbances last night, in one of which more than a score of shots were said to have been fired by guards at the American Steel and Wire Company plant in Newburg when four trucks loaded with men leaving the plant, were showered with bricks and stones hurled by a crowd of about one hundred men.

YOUNGSTOWN, O., Nov. 18.—The arrest of a woman picket who threw herself prostrate before the horses of mounted police at a mill gate here today was almost the only incident of disorder as the morning shift of workmen entered the plants.

Six Nurses Are Killed in Auto at R. R. Crossing

(ASSOCIATED PRESS DISPATCH)
BUFFALO, N. Y., Nov. 18.—Seven occupants of an automobile including six nurses returning from a social affair, were killed when the car was struck by a train at a grade crossing on the outskirts of the city early today.

The dead are William Mummary, his daughter Doris Mummary, and Fannie Breeze, of Buffalo; Myrtle Hodgins, St. Catharines, Ont.; Jennie McMillan, Tavistock, Ont.; Myrtle Nunn, Fenwick, Ont., and Jean Scott, Galt, Ont.

The women were nurses at the Homeopathic hospital. A freight train held the machine at the crossing. As soon as the last car of the freight cleared the crossing, Mummary sent his machine ahead, unaware that a passenger train was approaching on the next track.

The pilot of the engine caught the automobile and carried it down the track a quarter of a mile, spilling the occupants and crushing them to death.

COTTON MILLS TO CLOSE
ATLANTA, Ga., Nov. 18.—Closing down of numbers of cotton mills and other manufacturing plants in the south within a few days was foreseen today, in an order of the regional coal committee of the railroad administration discontinuing their supply of coal. The order effective today was announced as "imperatively necessary because of the failure of miners in the country's great coal producing regions to return to work."

HUNT REDS THRU DENSE NORTHWOOD

(ASSOCIATED PRESS DISPATCH)
CENTRALIA, Wash., Nov. 18.—A reinforced posse composed of scores of experienced woodsmen and members of the American Legion resumed today a search through a dense forest 20 miles northeast of here for alleged members of the I. W. W., wanted in connection with the shooting of former service men during an Armistice day parade.

At least three of the fugitives were believed to be surrounded by the posse but Captain Lloyd Dygart, directing the search from here, said he had no confirmation of a reported clash between the searchers and the fugitives.

John Haney, one of the men engaged in the man-hunt was slain Sunday when two sections of the posse met near the cabin in the dense woods and began firing at each other, each believing the other to be the "ugly radicals."

Activities against radical organizations continued in many parts of the northwest. Eight men arrested in a roundup at Spokane Saturday and convicted yesterday of criminal syndicalism increased the total number convicted recently in that city to 68. Sixty-six alleged members of the I. W. W. were arraigned in Tacoma for violation of the state criminal syndicalism law, and pleaded not guilty, demanding jury trials.

Near Puyallup, Washington, authorities discovered what they believed to be evidence of efforts of the I. W. W. to extend their organization among Japanese timber workers.

WAITING FOR THE PRINCE
NEW YORK, Nov. 18.—New York awaited the arrival of the Prince of Wales from White Sulphur Springs today for a five day visit with more than ordinary interest. Long before the prince's landing at the Battery, great crowds packed the park, while still greater throngs lined the route of the royal party from Lower Broadway to City Hall.

Previous Trial Reported
According to Mexican newspapers, Judge Franco, of Puebla examined Jenkins previously, having declared that in his opening it was a genuine case of kidnapping. The Secretary of State of the state of Puebla, however, subsequently ordered the police activities which resulted in the arrest of the peons.

Judge Franco was urged by Luis Cabrera, said reports in Mexico City, to order the arrest of Jenkins from the bench, following his invitation, but he declared there was no evidence upon which to base such action. The Governor of the state of Puebla is a brother of Luis Cabrera. Although representations on the case are understood to have made it clear to the Mexican Government that the United States believes Jenkins to be innocent, it was stated today that a complete investigation would be made by the Washington Government.

Rights To Be Defended
As a consular agent he was not immune from arrest but it was said

PROSPECTS BETTER FOR SETTLEMENT OF COAL DISPUTE

TRAFFIC CRISIS IN TOLEDO IS AT ACUTE STAGE

(ASSOCIATED PRESS DISPATCH)
TOLEDO, O., Nov. 18.—Toledo's night workers who, two weeks ago today, voted to oust the trolley cars from the streets because they were obliged to pay six cents fare and two cents for a transfer, began this morning to pay 25 cents to get to and from their work between the hours of midnight and 5 a. m.

City council last night passed an ordinance under pressure of volunteer bus drivers permitting an increase from 10 cents to 25 cents for "owl" service. The city law-making body took no further action in the car problem.

Hundreds of the workmen at the Toledo Shipbuilding Company, the Wills-Overland Company and other companies engaged in filling government contracts are hit by the increase.

Toledo has been without street cars since midnight November 8, since which time an improvised bus system has been devised by Mayor Cornell Schreiber who introduced the ordinance that resulted in the summary withdrawal of Henry L. Jober's vehicles.

With the arrival of cold and inclement weather many of the volunteer drivers have quit operating, some of them claiming they cannot make the long runs at a profit with the fare at 10 cents.

Invitations were sent today to all labor unions, fraternal organizations, railroad brotherhoods and improvement associations to send representatives to a mass meeting Friday night when an attempt will be made to devise some means of settlement.

City law officials and attorneys for the traction interests are working on the valuation of the company's property, preparatory to drafting a municipal ownership ordinance to be submitted to the voters at a special election. No progress has been reported.

NAMED IN CHANGED
NEWARK.—Because another company is operating in Nebraska under the same name, the Central Power Company, of Ohio at a meeting here Saturday changed the name to the Ohio Power Company. The action was taken at a meeting of the stockholders of the company.

MEAS. CONSUL FIRED
LAREDO, Texas.—Andress Garcia, Mexican consul at El Paso, has been dismissed by the Carranza government according to Mexico City advices received here today because "he remained calmly seated" at a recent banquet in El Paso when Governor W. P. Hobby of Texas urged intervention in Mexico.

TROOPS WITHDRAWN
CHARLESTON, W. Va., Nov. 18.—Federal troops on coal strike duty in southern West Virginia were preparing early today to leave for Camp Taylor, Kentucky. The soldiers, overseas veterans of the first division, made their way from mining communities to Charleston this morning, and according to Colonel W. F. Harrel, their commander the troops will be en route to the Kentucky camp before nightfall. Operators and union leaders issued conflicting statements today relative to the number of miners at work.

CASHIER ON TRIAL
ELYRIA, O., Nov. 18.—The trial of Walter W. Davies, indicted for embezzling \$135,000 from the City Bank of Lorain, of which he was cashier, and also with altering the books of the bank, was called for a hearing today. A subpoena has been issued for W. W. Treble, assistant cashier of the bank, who pleaded guilty to embezzling funds of the bank and is now in the Ohio penitentiary. He will testify for the state.

First official news of the arrest of the consular agent was sent to the State Department by the American Embassy, which reported that the arrest appeared to be based on declarations from a number of peons, who, under threats, made statements purporting to establish collusion.

The department immediately telegraphed urgent instructions to the Embassy to take up the matter with the Mexican Foreign Office with a view to obtain the release of Jenkins. The Embassy's later report that Jenkins had been released, but restricted to his home, was based on a telegram from the consular agent.

Drastic Steps are Taken to Conserve Nation's Fuel Stock

(ASSOCIATED PRESS DISPATCH)
CHICAGO, Nov. 18.—Director General of Railroads, Walker D. Hines and seven regional directors will meet here late today to consider a nationwide freight embargo as a means of conserving the country's meager supply of coal. Mr. Hines is expected to arrive in Chicago this afternoon.

The conditions growing out of the emergency were informally discussed this morning by the regional directors who planned to have a definite program ready to submit to the director general.

An embargo on all freight on the Chicago, Milwaukee and St. Paul railroad between Chicago and the Pacific coast has been in effect since Saturday.

If Director General Hines approves the recommendations of his regional directors and an order may be issued immediately which will mean: A 40 per cent cut in passenger train service throughout the country. Closing down of all non-essential industries.

Fifteen million workmen thrown out of employment.

"The situation is extremely serious and immediate action is necessary," said R. H. Ashton, regional director of the northwestern route. "The railroads are vital to the business life of the nation and they must be kept going. Radical action must be taken."

"My judgment is that a general embargo is the only way to meet the emergency."

WASHINGTON, Nov. 18.—Prospects for progress today in negotiations for a settlement of the coal strike, at least in the central competitive field, were considered good. The operators' scale committee, after two days of work, had practically ready for submission to the miners' committee a counter proposal, upon wages and working hours to be fixed in a new contract.

Its exact terms were carefully guarded and Secretary Wilson's declaration on opening the joint conference that the 30 hour week and 60 per cent increase in pay the miners asked was "impossible," was the only indication as to what they might be.

That the operators would offer some increases was taken as a foregone conclusion.

CURTAIN IN INDIANA

INDIANAPOLIS, Ind., Nov. 18.—With coal miners of the country still refusing to return to work, drastic orders for curtailment of fuel have gone into effect throughout Indiana. Reports from over the state today were to the effect that an order issued by the Indiana public service commission to discontinue service for electric signs, show window illumination, fountains and other non-essential uses of gas, water and electricity had been generally carried out. In Indianapolis the streets presented the appearance of the lightless nights of war-time.

TROOPS WITHDRAWN
CHARLESTON, W. Va., Nov. 18.—Federal troops on coal strike duty in southern West Virginia were preparing early today to leave for Camp Taylor, Kentucky. The soldiers, overseas veterans of the first division, made their way from mining communities to Charleston this morning, and according to Colonel W. F. Harrel, their commander the troops will be en route to the Kentucky camp before nightfall. Operators and union leaders issued conflicting statements today relative to the number of miners at work.

MAYOR-ELECT TALKS AT KIWANIS DINNER

Denounces Reds, and Lauds Ohio's "Biggest, Little City."

Lima Kiwanians today at their noon luncheon in the Elks' Home enjoyed a talk on "A Bigger, Better Lima," which was delivered by mayor-elect Frank A. Burkhardt. The mayor-elect is a very pleasing speaker, and the local organization is considering itself lucky upon selecting him for the meeting today.

Mr. Burkhardt, in plain words, told just what the new administration hopes to do to make Lima a larger and better city, and just what steps will be taken to improve the "biggest, little city" in the country. He denounced the Reds, and told of many instances where cities and towns have been ruined by allowing these radicals to get a firm hold. It is the mayor-elect's intention, he said, to fight anarchy with every ounce of energy he has in him.

The speaker was introduced by Francis Durbin, chairman of the entertainment committee.

It was decided by the club to hold a dinner dance December 10, to which the Kiwanians and their friends will be invited. The ticket committee appointed for this event is composed of James Morton, chairman; J. C. Hamilton, James Jolley, E. H. Eger, Austin Potter and Walt DeWeese.

Guests of today's luncheon were C. V. Haines, prominent Kiwanian of Philadelphia; Rabbi Steiner, City Auditor David L. Rupert, E. J. McElroy, O. L. DeWeese, M. Lantion, J. H. Holman, and Coroner A. C. Adams.

There were about 75 members present at the meeting which was one of the most enthusiastic ever held by the club. The speaker for next Tuesday's meeting has not been announced.

Interest

Save five dollars each month for fifteen years and you will have nine hundred dollars.

But if you deposit that five dollars each month with The Allen County Savings & Loan Company it will amount to \$1335.22.

The difference of \$435.22 is interest at the rate of five per cent compounded semi-annually as allowed on all savings accounts with this company.

Fifteen years seems a long while to look ahead but a very short time to look back.

Get the habit and it will be a pleasure to watch your account grow. Any amount from one dollar up will be received.

Savings Building, Corner Market and Elizabeth Streets.

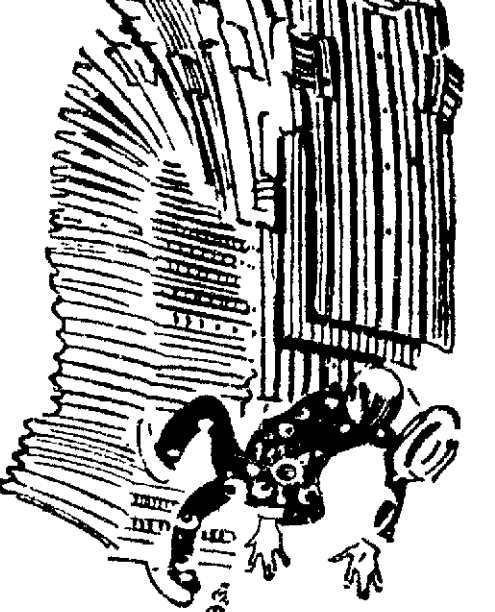

SALVATION ARMY ENSIGN ISSUES A PUBLIC WARNING

Ensign Purdum, in charge of the Lima Salvation Army work, asks that the public be warned against promiscuous giving to unauthorized collectors.

The ensign says, "I am informed that persons wearing a garb somewhat similar to that of the Salvation Army, are soliciting funds and supplies for charitable work. It should be known that the Salvation Army has no connection with these efforts. Our work is co-ordinated with the Lima Welfare association and we are ready at all times to give relief to the worthy poor. We have but one solicitor in Lima, Mrs. Inez Long, who wears the full Salvation Army uniform and bears proper credentials. We claim no monopoly in good works, but simply desire that our friends may not scatter their benevolence in a way that will defeat its objects."

Specials For Suburban Day

WEDNESDAY NOVEMBER 19TH
EVERY WEDNESDAY IS SUBURBAN DAY IN LIMA, OHIO.

MEN'S DRESS SHIRTS

Sizes 14 1/2 and 15 Only

Here's an extra good special for Suburban Day. Extra quality Percelle and Madras Dress Shirts, crisp and new. Easily worth \$2.00 to \$2.50. Sizes 14 1/2 and 15 only.

Spry as a School-Boy Though Seventy Years Old

Read what DR. JOSEPH CIARAMELLI and Louis C. Post Say about PHOSPHATED IRON as a Tonic and Red Blood Builder.

Physicians explain how Phosphated Iron puts renewed life and energy into the veins of the weak and run-down, aged and infirm, and often increases their strength 100% in two weeks' time.

When well-known men of reliability come out frankly and publicly endorse Phosphated Iron which they personally have found valuable in rebuilding their health and strength, it must arouse the interest of every thinking person. Phosphated Iron is today being used by hundreds of our own town people to help make red blood, strength and endurance.

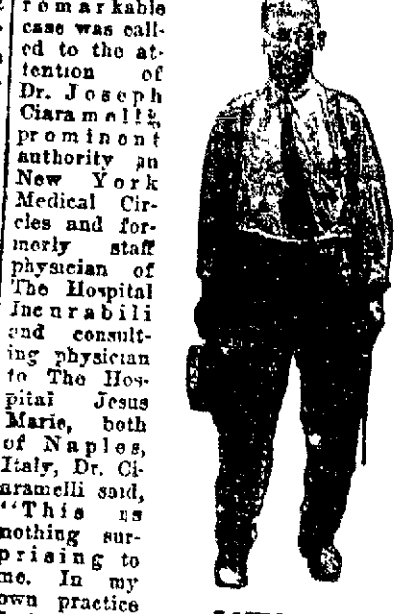

JOSEPH CIARAMELLI, M. D. Formerly Staff Physician of The Hospital Incurabili and Consulting Physician to the Hospital Jesus Marie, both of Naples, Italy

Take the case of our fellow-citizen, Louis C. Post, seventy years of age. In discussing Phosphated Iron with our representative, Mr. Post says: "Before I commenced to take Phosphated Iron, I had reached the stage where I thought old age had the best of me. I was all run down, blood impure, no appetite, poor heart action, so nervous I could not sleep, and I was about ready to give up my job, when Phosphated Iron was recommended to me; and its action was wonderful.

I now do the work of younger men and feel that I can compete with any of them. Phosphated Iron has given me a new lease on life. I have gained in weight, can now climb three or four flights of stairs with ease, and my heart action and endurance have increased 100%. I cannot say too much in praise of Phosphated Iron."

In commenting on this interview with Mr. Post, our representative said, "He looked and acted so strong and vigorous that it hardly seems possible that he is seventy years of age."

LOUIS POST

If people would only take Phosphated Iron capsules when they feel weak and run down, I am convinced that in this way, they could ward off disease, and thousands might be saved who now die every year from Influenza, Grippe, Kidney, Liver and Heart trouble; all due to lack of vitality and strength. Thousands of people suffer from lack of iron and phosphates and do not know what ails them.

Are you all run-down, weak or nervous? Then you owe it to yourself to try Phosphated Iron. Make this test: weigh yourself; then see how long you can work or how far you can walk without becoming tired; next take two Phosphated Iron capsules three times a day for two weeks. Weigh yourself and test your strength again. The results will surprise you.

Note: Phosphated Iron is obtainable from any good Druggist and comes only in capsule form. Beware of "just-as-good" or cheaper substitutes. Insist on genuine Phosphated Iron in capsules.

For sale by Butler's Drug Stores, Edwin's Central Drug Store, and

SLES GRAZED Y NK STE L ENTIRE TRAIN

A traveling salesman, who visited Lima today tells an interesting story concerning the stealing of a train at Hillsboro, Ohio, Sunday, which he witnessed. The story of the unusual occurrence was printed on the first page of the Times yesterday.

The "thief" was a returned overseas soldier, who had been discharged from the state hospital at Athens Hillsboro is the terminus for a short division of the B. & O. railroad and the passenger train which plies over the road several times a day was standing in the depot at Hillsboro. The returned soldier boarded the engine, changed the engine out of reverse and started down the road at full speed.

However, he tied the whistle connections down, causing an unearthly racket and this saved him from a bad accident and probable death as the railroad officials wired ahead to have a switch thrown at Lynchburg, a few miles distant. The train would have crashed into a siding full of box cars. The steam used in the whistle caused the engine to run out of steam and it stopped in the country, where a posse of officers caught the crazed soldier.

The occurrence is said to have been without precedent in railroad annals in Ohio.

Dies as Result of Peculiar Accident

Bord Stoner, unmarried, 64 years of age died last night at the home of his sister Mrs. Theodore Wood, of Longacres, following fatal injuries received in an accident last week. The deceased who was an employee of the Gutschus stone quarry, accidentally fell from his wagon while at work. At the time he was holding the reins, and when he fell involuntarily tightened his hold, causing the horses to back the front wheels of the wagon over his body.

He was injured both internally and externally. Funeral services will be held at the home of his sister who is the nearest surviving relative, Thursday morning at 10 o'clock. Rev. Driver will have charge of the services and interment will be made in Berryhill cemetery.

SUES ON ROAD CONTRACT

M. O'Brien filed suit in common pleas court Monday for the recovery of \$1,607.80 from Thomas Peter. This amount he claims to be due for work and materials on road contracts in Bluffton and Richland townships.

MARRIAGE LICENSES

Steven D. Roberts 22, laborer, 731 East North street and Fern Tabler, 22, 750 South Metcalf street. Wilbur C. Klingensmith, 27, sales- Chenoweth, 25, 651 West Elm street.

Former Resident Dies in South

A telegram received last night from Bedford, Va., by Mrs. E. A. Sifford, 426 North Jameson avenue, announced the death of her father Jacob Kissel, 65, former well known Lima resident, which occurred in that city. No details as to the manner of his death were received here, as the last word received from him stated that he was in good health. It is probable that death resulted from a paralytic stroke, several of which he has recently suffered, the daughter said.

The body will be accompanied to Lima, Wednesday, and taken to the home of Mrs. Sifford. Funeral arrangements will be announced later. Mr. Kissel for a number of years conducted a butcher shop in Lima, and has been in the south just a year. His wife died a number of years ago. Other surviving children are: Mrs. Harry Ferris and Miss Mabel Kissel, of Waukesha, Wis., and one son, Rev. W. F. Kissel, Hamilton. The deceased was an active member of the Lima Elks lodge.

DENONCES HEALTH LAW

HAMILTON, O., Nov. 18.—The new state health law demanding a county budget of \$20,000 for Butler outside of Hamilton city was called "robbery" at a meeting of Butler county health advisory board at a budget meeting here today. It was reduced to \$7,000. A state health board representative was present.

"MILD" GROUP TO HELP BREAK THE MARSHAL LULING

WASHINGTON, Nov. 18.—Republican senators of the "mild reservation" group agreed at a conference today, their spokesmen said, to vote with other republicans to overturn the proposed ruling of Vice President Marshall which would permit Administration Leader Hitchcock to offer substitute resolutions of ratification for the Lodge resolution.

The "mild reservationists" also were said to have agreed that after anticipated rejection of the Lodge resolution they would support a motion to reconsider. At this point it was said, compromise substitute resolutions could be offered.

Senator Hitchcock was informed by one of the leaders of the mild reservationists that he must deal with Majority Leader Lodge and not with individual republicans in negotiations for a compromise. He also was said to have been advised that any suggestions for compromises must be made today in order to obtain consideration.

Revision of the preamble reservation already adopted by the senate, requiring three of the principal powers to accept the senate's reservations was the subject of many conferences among senators today. A number of the moderate republicans were understood to be agreeable to amending the preamble so that acceptance of the reservations might be indicated by "acquiescence" instead of the exchange of notes.

LECTURE AT ST. PAULS.

The Rev. F. S. Waitz, D. D., national secretary of the United Lutheran Brotherhood, will address a meeting of men at St. Pauls Lutheran church Wednesday evening. The men of Bethany church are to attend in a body.

TWO WILLS FILED

The will of the late Alexander T. MacDonell, of Ottawa township was filed in probate court Monday afternoon. Date for the hearing was set for the 21.

Will of Jeanette DeVoe, deceased, Lima, was filed Tuesday morning. The date for hearing has not been set.

BONDS ARE APPROVED

The Commissioners of Hancock county met with the Allen county commissioners at the county house Tuesday morning, and approved the bonds for the Lauby joint ditch.

Flour with which bread can be made is being obtained from sugar beets in France as the result of scientists' experiments.

Paying for Service

THE EXPERT who has been employed by the committee from various local organizations, which are endeavoring to reach a satisfactory agreement over the question of a fair contract for street railway and electric light and power service in Lima, Mr. Currie, told Rotarians yesterday that the fairest plan for both the city and the utility company would be the so-called Taylor plan, that has worked so well in Cleveland.

The Times has contended all along that this plan should be adopted. First Lima should be given adequate service. We should have good lights and plenty of power for all the factories that are there now and are likely to come, then we should have more frequent car service and extensions to lines taking in new additions.

The company should be required to give this service. Then the citizens should be willing to pay rates that would give the utility company a fair return on its investment, plus the costs of operation. This is the Taylor plan, that Mr. Currie says has proven the most successful yet tried out.

Cities can not expect to get something for nothing, any more than citizens. Public utilities can not furnish service below cost. The result always is that there isn't any service.

The Times is for the Taylor system or plan or whatever you want. As long as we want service, and adequate service, with extensions to existing lines that should have been built ten years ago. Then we want to pay actual costs, plus a fair return for the capital invested. The street car company will not be continually having to beg for money with which to make extensions and improvements.

Under this plan, no one will be robbed, every one will get a fair deal and only a demagogue will let out a yelp. We want no Toledo horse-play in this city.

Failure Means Fighting

HERBERT HOOVER'S admonition that failure to ratify the League of Nations amounts to a challenge to Germany to renew the battle, must cause a profound impression upon his countrymen. These words, dashed off in a moment when Mr. Hoover desired to say something of a startling nature—but ominous in their import.

Daily the Allied military strength grows weaker, by reason of continued demobilization. It was planned from the beginning that the League of Nations should take the place of a resort to arms. Germany's soldiery will continue to increase unless the league becomes effective and puts a stop to the continued growth in military power.

Poland is menaced by the Teuton army and new strife is bound to break out shortly unless some strong, centralized authority is established to stop such a step and insure Poland's continual independence. If another fight starts in Europe we will all be into it. The world may depend upon that.

How much easier it will be to prevent a recurrence of bloodshed than to have to stop it, once it starts again to drench Europe and engulf the world.

GOOD EVENING—There is still a place for the fellow who tell a white lie for the sake of making somebody happier.

Such warning as the Government has sent out, asking the people to watch out for spurious \$50 bills, may be all right, but it takes a lot of time every Saturday night for us average men to tell our wives to be sure there are no spurious \$50 bills in our pay envelopes.

The reason there are not more fights when one man calls another a liar is that the man who is called a liar knows that the man who called him one isn't a liar.

If this business of protecting stuff in the collar keeps up it won't be long until there isn't a detective in the country who can tell a diamond from a glass bead.

Our idea is that industry would do more good in this country if it would proceed to "induct" and cut out some of the conferences!

HAPPY THOUGHT: The old-fashioned Almighty Dollar.

OUR BED-TIME STORY

FOR TINY TIMES-DEMOCRAT FOLKS

When we had to stop our story yesterday the kidnappers were trying to think of some way to deliver the note to Captain Brave and Lady-dear, demanding \$100,000 for Jack and Jane and threatening to kill the children if the money wasn't paid.

Well, many ways were proposed. One of the best suggested that the notes be sent to Captain Brave through the mail just like an ordinary letter, but this plan was discarded because the leader knew that the postoffice detectives could find out just where and when the letter was mailed, and this would help the police in their hunt for the kidnappers.

Another member of the band thought that one of their number could just walk into the bank, as any other person would, and leave the note Captain Brave's mail box, as the first note had been left there. This idea, too, was thrown down because, the other members decided, someone probably would be watching at the bank for the appearance of anyone who looked as if he might be a member of the band.

It was finally decided that some one not connected with the band would have to take the note to the hotel and leave it for Captain Brave. One of the members of the band was selected to go out that night, get near to the hotel as he dared and then find someone who knew nothing about the kidnapping or any members of the band and ask him to deliver the note, giving him money for his trouble. This plan sounded so easy that no one thought there was a possible chance that anyone would be able to trace the note back to the band or get any trace of the children through it.

One of the kidnappers who had been

Y. W. C. A. CAMPAIGN NOW IN PROGRESS

Tuesday marked the opening of a three days intensive campaign for a budget for the local Y. W. C. A., which will close on November 22. Headquarters have been moved from the Morris arcade to the Trinity M. E. Church during the campaign. The initial dinner for captains, teams, and other special workers will be held this evening at 6:30 o'clock at Trinity church. Several worth while speakers have also been engaged for the evening.

Mrs. H. S. Moulton is to act as auditor of the campaign, and each day's results of the tea, collecting teams are to be given at the Sunday luncheon. It is the purpose of the campaign workers to make the drive short and to the point, and to finish up all work by the end of this week.

OHIO DRY DOCTOR IN SERIOUS STATE IN LONDON, ENGL.

LONDON, Nov. 18.—The injury to the eye, which William E. ("Bossy-foot"), Johnson of Westerville, Ohio, the American Anti-Slavery League organizer, received last week during a demonstration by students, is proving more serious than at first thought. A second specialist has been consulted and, another operation has been performed. It is feared it may be necessary to extract the eye. His sight has been permanently impaired, it is said.

EASE THE PAINFUL RHEUMATIC TWINGE

SEIZE WHISKEY BOATS
MIAMI, Fla., Nov. 18.—Seizure by federal authorities of two boats plying between Florida ports and the Bahama Islands was declared today to be the first step in a campaign to

end illicit liquor traffic between the nearby British possessions and this country. The vessels were seized under the technical charge of sailing for a foreign port without the necessary clearance papers.

REFUSED TO PART WITH DOG
LA GRANDE, Ore., Nov. 18.—A woman's love for her dog has led to the arrest here of Mrs. E. W. McCarthy for alleged complicity in a bank robbery.

Police say that William Anderson and James Miller robbed the Bank of Springfield, Utah, of \$9,000 and escaped to La Grande, Oregon, and that Mrs. McCarthy was with them. The police tracked her spotted dog to this city and arrested the trio. It was said that the men urged her to part with the dog in Utah, but she refused.

A Sale of New Fall Suits at \$24.75

Suits That are Marked to Sell at
\$35, \$39.75 and \$49.50 Go on Sale
Wednesday at the low price of \$24.75

From the standpoint of smart style, excellent workmanship, fine materials and all around wearability, they are very desirable indeed. Selected from higher price ranges that represent lines that have sold in the regular way as high as \$49.50. To be had in both women's and misses' models and sizes and in scientifically designed models for the woman of larger proportions. They are developed in Velours, Oxford, Tweeds, Serges, Poplins, Silver-tone, Novelties, plain tailored with strictly tailored collars or with two way collars just as you prefer. Some are braided—others are button trimmed. The colors are Navy, Brown, Reindeer, Black, Dragon Fly and Mixtures.

This suit sale planned for Wednesday is an event of importance to every woman and miss who has neglected to purchase a Winter suit. It offers you the choice of a wide variety of our regular stock suits that have been reduced from much higher markings for this event. It is an opportunity to economize on high-grade suits—an opportunity such as has not been presented thus far this season.

There are Only 25 Suits in this Group,
Therefore We Advise an Early
Selection Wednesday.

Children's Bloomers 59c Pair

Fine black sateen Bloomers in children's and misses' size 2 to 16 years, made with either elastic or band tops and with the elastic knee. These are our regular brands which sell at 75c, 85c and \$1. We will have 200 dozen on sale Wednesday at 59c.

Limit 8 pair to a customer.

Men's Wool Socks 59c Pair

We will have on sale Wednesday, 100 dozen pairs of Men's All Wool Socks. They are regular \$1 grades but are slightly imperfect. The colors are brown, black, green and taupe. With continually higher costs and the end not yet in sight these socks are an exceptional buy.

Limit 4 pair to a customer.

Wool Finish Blankets \$4.39 Pair

These blankets are of excellent quality in large plaids of yellow and white, grey and white, lavender and white, blue and white, pink and white. They are full bed size, 66x80, and are identical with blankets other merchants are asking \$5.90 for. On Sale Wednesday, \$4.39

St. Marys Blankets \$9.50 Pair

These are the finest wool blankets made by the St. Marys Mills, soft, extra heavy, with the finest nap and are extra double bed size. They come in plaids of every color and combination and solid colors with unusually pretty border designs.

The Sale of Coats & Dresses The Dresses at \$19.75

The dresses are all new and are excellent styles. In our stock regularly they would sell at from \$25 to \$45. They are Jersey, Serge, Charmeuse, Satin, Georgette, Satin and Georgette Combinations, Taffeta, and Fancy Silks. Every dress is up to the high Gregg standard for they were bought of a manufacturer who was very much overstocked and who made us a very radical reduction in price upon the entire collection.

The Coats at \$25

For women who appreciate smartly modeled coats, this special group at \$25 certainly will be an attraction. They are usual high Gregg standard and if sold regularly would be marked at from \$35 to \$39.75.

The materials are Velour, Silver-tone Sparkle, Polo and Kersey Cloth; the colors are navy, taupe, burgundy, brown, green and grey. Some are trimmed with fur.

The Coats at \$33.75

An unusual selection to say the least are these wonderful coats at \$33.75; priced regularly at \$40 to \$59.50. Every popular material, style and color is here; they are lined in pure silk and many are fur trimmed.

Condensed Classic Series

The Lima Times' Fascinating Fiction Feature

TODAY—"The Woman in White," by Wilkie Collins.
TOMORROW—"Uncle Tom's Cabin," by Harriet Beecher Stowe.

COLLINS II.

When Wilkie Collins met Charles Dickens, his future was shortly decided. The lives of the two were intimately connected thereafter. Dickens was conducting "Household Words," and for it Collins contributed, as he did for "All the Year Round," also in charge of Dickens' large number of tales.

The close friendship and co-operation of Dickens not only found the direction for Collins to follow, but it seemed to lead him to the type of story on which rests his fame, that in which the skilful unwinding of an

intricate and exciting plot, and the construction of a thoroughly involved mystery baffles the reader in a maze of details and circumstances. He might lack humor, fail to appreciate the finer shades of character, but he certainly conceived personalities, for his own type of story he was unsurpassed by any of his contemporaries.

"The Woman in White" (1860) was his great success; "The Moonstone" (1868) was a close second in the opinion of a large and devoted following of readers.

THE WOMAN IN WHITE

By WILKIE COLLINS

(Condensation by Alice Fox Pitts, New Bedford, Mass.)

It was a close and sultry night each other, and before my engagement was up, I admired the one and loved the other.

My feelings were the cause of my leaving Limeridge House. Marian Halcombe brought to me a realization to my own heart. "You must leave," she said, "not because you are only a teacher of drawing, but because Laura Fairlie is engaged to be married."

A few days before I left Cumberland, while walking alone in the evening, I was confronted by the same face which had first looked into mine on the London highroad by night. But I was startled less by its sudden reappearance than by my immediate recognition of an ominous likeness between this fugitive from the asylum and my fair pupil at Limeridge House. Still greater was my consternation when the woman admitted having come to the neighborhood for the sole purpose of thwarting the proposed marriage of Laura Fairlie.

I left Limeridge House and soon after embarked on an expedition to Central America. The same year Laura Fairlie became the bride of Sir Percival Glyde, Bart., and with her sister went to live at Blackwater Park, her husband's country estate. Count Fosco, an audacious and domineering Italian, and his wife were guests of the household. But all was not as harmonious as an English country party should be. Lady Glyde and her sister, as inseparable and confiding as ever, felt a perceptible coolness rising between them and the two gentlemen. Coolness turned to suspicion and soon to fear.

Then it was that Lady Glyde met the Woman in White. The mysterious person stole noiselessly up to her in the twilight one evening and whispered: "If you know your husband's secret, he would be afraid of you. He would not dare use you as he has used me. I ought to have saved you before it was too late." But before the secret was told there were footsteps in the distance and the woman moved stealthily away.

Sir Percival learned of the brief interview, and was afraid of his wife. He demanded, begged, threatened her to tell him all she knew. What had been a battle of wits between the two sisters and the two men became a struggle of strategy, and the women lost the fight. Lady Glyde was decoyed into leaving Blackwater Park for Count Fosco's London home. Less than two weeks later a tombstone in Cumberland bore this inscription: "Sacred to the memory of Laura, Lady Glyde."

On my return from Central America the same year, I heard of the death, and immediately visited the grave. As I approached it, two women came towards me. One was Marian Halcombe; the other was veiled; but when she raised this covering from her face, there, looking at me, was Laura, Lady Glyde. She was pale, nervous and depressed—more perfect than ever in her resemblance to the Woman in White.

Marian Halcombe told me what she knew. She had found her sister in an asylum, and in the grave at our feet was her mysterious double. Sir Percival's boldness and Count Fosco's cleverness had succeeded in exchanging the destinies of the two women. The circumstance had netted these two gentlemen some 30,000 pounds, derived from the estate of Lady Glyde.

The fortune was gone beyond recall, but Lady Glyde's true identity might yet be established in the face of such evidence as her death certificate and tombstone, and the incredulity of her friends and relatives. This I determined to do. Cast upon the world alone, the sisters readily agreed to allow me to take up their fight, and I determined that Laura should one day re-enter her father's estate recognized by all.

It soon was apparent that Sir Percival and Count Fosco were the persons I must fight. I worked secretly but directly, for I had no funds with which to carry on a fight through the courts. The secret with which the Woman in White had threatened to Sir Percival seemed to me as to be the key to the whole situation. Through a series of inquiries, working always under the watch of spies, I found it opportune to look up the marriage registration of Sir Percival's parents. I found it in a little country church—and it was forged. I was no sooner in possession of the knowledge of his illegitimate birth than Sir Percival, in furious desperation to destroy the evidence entered the little church by night, set fire to the structure, and through the agency of his own stupidity and an old fashioned wooden lock, trapped himself into an awful death.

Laura was free of her husband, but she remained an outcast—a woman dead to her friends and relatives. I was still determined this should not be. My only hope of success lay in Count Fosco, who alone had the evidence which could establish her legal existence. But to acknowledge Lady Glyde's identity would be to admit his guilt of one of the greatest of crimes. My task looked difficult, but an unknown agent came to my aid.

Count Fosco was a traitor to one of the world-wide Italian secret societies. The knowledge came to me by chance, but it served me in good stead. I went to his house one night and bartered my silence for the evidence of Laura's existence. Count Fosco, in a long exposition, gave the details of his own and Sir Percival's cunning. Then he left England forever. To clear up the last shred of mystery surrounding the Woman in White, I sought out her childhood home. I pieced together her story from her old friends and relatives. Fate had made her the illegitimate half-sister of her counterpart, and the chance possessor of Sir Percival's secret.

My labors ended, Marian Halcombe and her sister, who was now my wife, returned to the happy companionship of those days at Limeridge House before Sir Percival's cunning had usurped the consummation of our love. On the death of Laura's uncle some months later, her son and mine became the heir of

May Revive Class In Newspaper Work

The class in journalism at the Lima night school will be revived this year if a sufficient number express an inclination to take the special training. There is a heavy demand now for newspaper workers and the local class in journalism can start aspirants so well that they will be able to hold positions

from the first, if they are diligent in their studies.

Last year the class was very successful, and if there are enough who desire to take the lessons, a class will be established this year.

Applications may be made to Prof. Collins under the usual rules of the night school.

Dr. J. S. Jenkins, of South Main street, has returned to his home, after visiting his son, in Chicago.

REDS GET HAIR CUT, VIEWS ARE CHANGING UNDER TREATMENT

NEW YORK.—An offensive has been completed on Ellis Island by a battalion of barbers in which they accomplished the removal of the hair of the radicals caught last week in raids throughout the city had been hiding.

Most of the minds of the owners of these bunks have undergone a complete change as a result of the removal, according to officials of the island.

It had always been contended by adherents of the forces of law and order that a good bath and a shave were the best conceivable weapons in the crusade against bolshevism, but heretofore it had only been a theory.

Now it is practice, for it has been worked out, and to the utter satisfaction not only of the cleaners, but of the clearance as well.

When the eighty-two radicals caught in the government net had been taken to Ellis Island most of them were a study in facial camouflage.

Faces that once had the surface of a wire hair brush have been shaved clean every day, and because the radicals' faces have been "cleansed" and swept from the floors of the island shop.

The radical attitude of those radicals somehow was swept out with the beard, for now they are the most tractable men entertained there.

The radicals have acquired the habit of personal cleanliness. As a result, the men are now thinking in somewhat different channels than they were when they arrived according to officials.

It was explained that some of the men desired to be west and work for the radicals in the event of their release.

Crown Prince is A Great Grief To Fond Parents

BUCHAREST, Nov. 18.—King Ferdinand and Queen Marie have been much disturbed by the fact that Crown Prince Charles has rejoined Miss Zyls Lamberis, whom he married morganatically in 1913 and from whom he was forced by his parents to obtain a separation soon afterward. Besides renouncing his rights to the throne, he has accepted a subordinate position in the army. The pair are familiar figures on the boulevards of Bucharest.

"He has had all that a father and mother could give to a son," said Queen Marie sadly, "and if he chooses to go this way we can't help it. We have pleaded and reasoned with him until we are no longer possible. Youth and love I suppose will have their way in spite of kings and queens. The whole affair has been a great grief to the king and myself."

MODERATES WIN SOCIALISTS LOSE IN FRENCH ELECTION

PARIS, Nov. 18.—Returns from Sunday's elections for the chamber of deputies thus far received show the conservatives, nationalists and moderates far in the lead, these parties winning 191 seats in the 205 constituencies for which complete figures have been received.

The extreme socialists received a severe setback throughout the country and in general the socialists suffered the defeat of many of their leaders. Pierre Renaudel, leader of the majority socialists, Jean Longueux, leader of the minority socialists, Henry Franklin-Bouillon, the radical socialist chairman of the foreign relations committee of the chamber of deputies who have urged rejection of the peace treaty, and Pierre Brizon were beaten. The returns show a gain of 16 seats for the moderates and a loss of 16 for the extremists.

AROUND THE EARTH

BERLIN.—The German flyer Herr Roon, known as the "24-hour aviator," intends to begin soon a flying trip around the world. His route has not yet been announced. He claims that his feat of repeatedly staying in the air for a day surpasses the English-American durability records.

DON'T MISS THIS. Cut out this slip and send it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Bladder Pills, for coughs, colds and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Vorkamp, publisher.

MATTERS MUSICAL

A Study in Contrasts.

Charles Heinrich, organist, the Women's Music Club's matinee recital Thursday afternoon at Trinity M. E. church, came practically unheralded, played a marvelously artistic program before a modestly constituted and practically undemonstrative audience, and departed to his Pittsburgh home with no laurels on his brow, no encores ringing in his ears, little or no newspaper notice of his presence. Had he come as a pianist, with the correspondingly equipped with which he would still be in a delirium of virtuosic excitement. For he is known as a pianist, a piano pupil of Arthur Friedheim, (who was for 12 years the private secretary and favorite pupil of the master Liszt,) a student of organ under several of the world's best, a pupil of Victor Herbert's at the National Conservatory in New York of composition a pupil at the Royal Academy in Munich of Otto Heiser and Joseph von Rheinberger, and taught organ harmony and counterpoint at the National Conservatory in New York, and in 1907 succeeded the great Edwin H. Lemare as organist and director of music at the Carnegie Institute, Pittsburgh; the first American and the youngest candidate ever appointed to that office. This post he has held continuously ever since. He is conductor of the Pittsburgh Civic Chorus, and holds numerous honorary offices at the institute. He gave the opening recital at the first convention of the American Guild of Organists in New York City; he gave five recitals at the Panama Exposition in 1915; he was chosen a member of the Royal Philharmonic society of Rome; has played at over 1500 recitals, dedicating many important instruments in the United States.

Heinrich, then as an organist belongs in about the same artistic category as Percy Grainger or Joseph Hofmann, or Harold Bauer of the pianists. And it is a twenty to one bet that his second on Thursday stands in about that same proportion to the first as that of a piano recital. Mr. Heinrich having the first of his recitals, the increased reactions demanded of the organist in an artistic way.

So much for press publicity, which has never been fully accorded the performer of the organ and more complicated instrument.

Rhea Watson Cable, Lima's latest recruit for the ranks of the concert stage, is settled in New York, but is finding it very difficult to rent a piano for her practice. Mrs. Grainger, mother of Percy Grainger, the pianist, who was Mrs. Cable's teacher in Chicago, insists on the Lima artist taking a "stray" lesson from him whenever he is in the city between his concert appearances. Mrs. Grainger has had Mrs. Cable for tea several times.

Mrs. Cable was a guest at a musical her first Sunday in the Metropolitan where she met Henry Hadley, Julian Story, Mme. Davies and other notables. She rhapsodizes over his first hearing of "The shading," the perfect ensemble, pianissimo just like whispers; thus she writes of her experience; and quite properly too, she adds "hearing music is most or half of musical education."

Markus Zender, prima donna soprano of the Herbert-Lederer-Smith musical comedy success, "Angel Face" is concluding with her company the Philadelphia engagement. On the first of December the company opens in Boston for a long run. Miss Zender writes cheerfully of her continued success in the role.

The fall issue of Musical America, actually the largest United States publication in the interests of current music is off the presses, and dated today, the 15th, is one month late owing to the big printers' strike in New York City. It is expected to create something of a sensation in musical circles. It will have the story from its hundreds of correspondents of the phenomenally improved condition in all sections, and predictions of the most successful season in the history of the nation.

Mrs. Fred E. Gooding will be the hostess, and Mrs. J. Robb Kelly the leader, at the Tuesday morning meeting (the 18th) of Etude. Save the substitution of the hostess' name in the place of that of Mrs. Clarence Lathrop (the 10th), the work will carry out the published details of the year back. The study hour will consider producers and artists of operas staged 1919-1920. The program of numbers will be as follows:

Voice, aria, "Le Cid d'Or".....Rimsky-Korsakov
"Hymn to the Sun".....Debussy
Voice, aria from Carmen.....Bizet
"C'est des Contes d'Andalous".....E. Evans
Piano duet, "Dance of the Hours" (Glazounov).....Mrs. J. E. Evans
Mrs. Harold W. Fisher, Fenchell
Mary Alice Potter

Art And The Artists

By H. E. R.

Through Federated Club influence Lima is to enjoy an Art Week; that which opens the month of December on the first—and it is intended to be distinctively cosmopolitan; inasmuch as all local influences working toward an aesthetic appreciation of art forms are to be asked to participate.

At the Wednesday meeting of Mrs. H. H. Starratt, the committee of the Lima Federation made plans. At this meeting also was organized an Art Study Club, with a knowledge of American paintings as their goal.

Opening at the Y. M. C. A. and continuing the week, first to eighth, free on this evening night to a special list of invited guests largely those who in 1917 formed the Art Museum association of Lima and instituted a fund for the purchase of some good paintings, the exhibit will remain for the benefit of the public and on the evening of the fourth (Thursday), Ernest Bruce Haswell, sculptor of note will be heard on the subject: "Labor and Art."

For this event an admission of fifty cents will be charged. The display of paintings, water colors, arts and craft work, pottery, etchings will be formed largely from loans by noted collectors—some of the carvings, etchings, etc., very rare and valuable, particularly etchings and monotypes. Among Ohio artists to be represented are McKim, Farny (noted painter of Indians), Lindsay (Lions and Glowers), and some works which it is hoped to obtain from the Cincinnati Art Museum and the Academy. There will undoubtedly be on view some good things from Rockwood, of the Zanesville potteries, and of Metalware from France.

A prominent local merchant has some very fine objects of art and some splendid copies of noted paintings in the Louvre and other important museums in Europe which it is collection. There are to be three illustrated lectures in the suite at the Y. M. C. A. occupied by the exhibit during Art Week.

All local art lovers particularly those of the "Committee of Fifty"

constituting the Art Museum association of Lima are expected to be on hand "Members Night" the opening one—Monday, December first.

Seven new members were received at the meeting Wednesday of the federation committee. These include Mesdames Charles D. Gamble, W. L. Russell, W. E. Woodard, Jackson and A. W. Wheatley. Original members of the committee are: Mesdames R. A. Williams, Jr., P. M. Gregg, Charles E. Schell, Roy E. Ratt, P. F. Brady, Jr., and M. P. Colt and Misses Frances Major, Beale Kelly and Margaret Jacobs. The committee will meet Tuesday evening, Nov. 25th at 7:30 p.m. with Mrs. Williams the chairman at 4:30 South Cole street.

The January lecture in the Federation course will prevent Gerald H. Thayer, Painter-Author, collaborator with his father Abbott Thayer in several works, who will bring with him a collection of unusual slides with which his talk will be illustrated. It is hoped to have Dixie Seiden and Mary Alexander, painter and sculptress respectively, as features of the early year.

Here is a thought for those who see only the gruesome, the ugly, the menacing, in the world's record of latter day events.

"Of course all is well with the world; Where beauty is, there God is; for beauty is the phenomenon of goodness. And goodness itself is God. And every form of life is beautiful; of all the myriad million manifestations of sentient life, not one is without charm. No blade of grass; no leaf; no flower; no fruit; no shrub, no tree is devoid of beauty."

Of such stuff as this are art lovers made.

ONLY ONE INSANE ASYLUM IN CHINA, SAYS PHYSICIAN

SEATTLE, Wash.—In all of China's 400,000,000 population there is but one insane asylum. This is because the Chinese still believe that an insane person is "but possessed of the devil" and not subject to medical cure.

This is the disclosure brought to this country by Dr. Charles C. Seiden, of Erie, Pa., who has returned from the Orient after twenty-two years' service there. He was superintendent of the John C. Kerr Hospital for Insane at Canton, where some 600 persons are continually being treated for insanity.

Dr. Seiden will direct a campaign in this country with a view of returning to the Orient and establishing another hospital. Dr. Kerr, who founded the present institution, died in 1938 and turned over his work before that time to Dr. Seiden.

A Feeling Of Security

You naturally feel secure when you know that the medicine you are about to take it absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Lima News and Times Democrat.

BETTY FAIRFAX'S READY ADVICE

Chats With the Love-Lorn Answers to Missives

Dear Miss Fairfax: Would (like to ask you what effect the following (mixed together) has upon the face: Rose water, witch hazel and bay rum? Will any of these make hair grow on the face if used every night?

2. Will you kindly explain acne and what causes it, and if it can be cured?

Thanking you kindly and hoping you will give this your prompt attention, beg to remain,

Answer—The mixture you mention will not make hair grow on the face.

2. The growth of hair on the face seems to be natural with some people. Too free use of oils on the face will cause such a growth. If the hairs have appeared in any number they can only be permanently removed with the electric needle.

Dear Miss Fairfax: I have a good black cloth coat with brown fur around the bottom. Can you tell me if that kind of coat is to be worn this winter? If not, how could I fix it? It will make it too short if I take the fur off, and since the coat is good I hate to buy another.

Alice.

Answer—Coats with fur trimmings are very good this winter, and since the style of coats has in many cases changed very little since last year, your cloak will probably be suitable as it is. Everything is so expensive this year that it is best to wear good last year's clothes as a sort of protest against the abnormally high prices asked.

Dear Miss Fairfax: Will you please tell me what is included in the word "Americanisms"?

Thank You.

Answer—Americanisms are words and phrases that are peculiar to the United States. They might be English words, which are used in a different sense in America; words used in their original sense in the United States, although not in America; newly coined words owing their origin to circumstances of the country.

try; words derived from European languages, especially French, Spanish or Dutch; Indian words; negroisms and peculiarities of pronunciation.

BETTY FAIRFAX

Dear Miss Fairfax: (1) I am to be married this winter and wondered if I should have the party announcing my engagement, or if I should ask some of my girl friends to announce the expenses?

Answer—It is all right for you to announce your own engagement, although, if you have a mother, it would be better to have the party in her name. Do not ask your girl friends to have such a party, they are the ones to suggest it first.

(2) Should wedding announcements be sent to people who attend the wedding? When should they be sent?

Answer—Yes, announcements are sent to those who attend the wedding and are mailed the same day that the ceremony is performed.

(3) Is a double ring ceremony all right? Should both rings be alike? The brides ring is a narrow band, etched with rosebuds.

Answer—Many couples are using the double ring ceremony now. Often the rings are alike, but I think in this case a plain band would be in better taste for the man.

(4) The wedding will probably be in December. Would a white dress be suitable. It will be at home.

Answer—Yes, a white dress is always suitable for a wedding.

(5) What is the duty of the maid of honor, bridesmaid and best man?

Answer—There are no special duties for these attendants at a small home wedding. They act as witnesses, and the maid of honor helps the bride with her bouquet and her gloves when the ring is to be adjusted. The best man is the right hand man for the bridegroom, doing errands for him and at the time of the wedding accompanying him to the altar.

(6) Who should send the wedding announcements? Does the bridegroom send them to his friends?

Answer—The parents of the bride send out the announcements to everyone, including the friends of the bridegroom.

(7) What clothes should a bride take on a ten weeks' trip to Detroit and Cleveland?

Answer—If you are to have a new suit to wear on your wedding trip,

some extra blouses, plenty of underwear, a dark silk dress for informal evening wear and an extra pair of shoes will be sufficient.

(8) Can you suggest some novel way of announcing my engagement at the party?

Answer—Have either a luncheon or an afternoon party and some time when all the guests are assembled have a boy dressed like a messenger or bring a telegram blank on which has been written the news. Have it delivered to one of the guests, who is asked to read it aloud.

(9) Two of my girl friends are to sing at the wedding. What is the order of the ceremony?

Answer—Vocal music is usually given while the guests are assembling before the ceremony.

(10) Does the groom furnish flowers for the bride and bridegroom?

Answer—Yes.

(11) The wedding will be at noon. Is it necessary to serve a big dinner, as there is no one to help the bride's mother.

A Future Bride.

Answer—A single luncheon may be served. Here is a sample menu: Bouillon, salted crackers, chicken croquettes or patties, lettuce sandwiches, ice cream and bride's cake.

So that a watch will be as accessible as if worn on a wrist an inventor has patented a pouch to be suspended from a belt.

"Watch Your Feet"

**PRIZES MAY BE WON
DURING THIS WEEK**

**End of Big Campaign Now
In Sight—Don't Slow up
Now This Is Your Chance**

(BY ARNOLD H. PRINE)

Can you fully grasp the fact that the prizes are all but ready to be awarded? Do you not see that a mighty race is about to be decided? Is it clear to you that the result of the next few days? To the people who are anxious to win in this the greatest of Lima campaigns the above questions are certainly very pertinent. It is not developing that with the end in sight and the opportunity of a time to be decided, by the events of the immediate present all candidates are undoubtedly doubling all efforts to come thru on top. They are trying to get around faster than a race horse under the wire a winner.

Every candidate needs his friends now, as he has never needed before. They will be appreciated more than ever before, and any assistance which their friends can render in the next two weeks, will go far toward winning the big prize at the end of the campaign. It has been the case where a certain candidate has been helped by the saving of a subscription. Political campaigns sometimes win out by a very narrow margin. The next mayor of Lima, Mr. Burkhardt, won only by 21 votes of the count stood 25 votes the day he would have been elected. Such is the case in this race, where only a mighty few votes, to be only one or two subscriptions, can decide the winner. Can anyone imagine the chagrin of the loser, when he comes close as that? If any candidate in this campaign were to lose the prize by a margin so close as that, he would be covered by a years or five years subscription, he or she would never cease to regret the waste of some odd hour which might have won the first Grand Prize.

Week Will Probably Decide It. Every candidate figures over the votes to be obtained on the offer this week. It may be readily seen that in all probability the winning of the prize will be put over yet this week. The writer merely points to the obvious opportunity open to all subscribers on the old subscriptions. It is getting hard to get and after the first of the year, the price will undoubtedly be raised. Warnings have been sent by all the papers in Lima to that effect. Why not then, take this matter up with your friends, and secure their votes at the old price. The TRIPLE for 25 new subscribers for 50c, is

CLIMALENE

**Prevents That
"High Water Mark"**

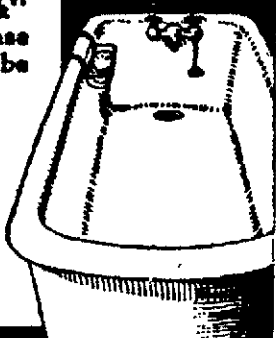

Try two tablespoonfuls of CLIMALENE in the bath. It softens the water and makes the bath more enjoyable and more thoroughly cleansing.

It prevents that "high water mark" and saves scouring out the tub. Rinse out thoroughly and the tub will be perfectly clean. A pinch in the wash bowl has the same desirable results.

AMAZING SUCCESS HAS BEEN ACHIEVED BY FAMOUS TANLAC

FACTS ABOUT TANLAC

Twelve million bottles sold in four years.
At the present rate of sales the grand total will reach 15,000,000 bottles by the end of the present year.

Large and modern laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space.

Capacity of plant recently doubled to take care of rapidly increasing business. Present capacity 36,000 bottles daily.

Branch plant recently established in Canada with a capacity of 8,000 bottles daily.

Demand for preparation has broken all world's records for same length of time and is constantly increasing.

Publicly indorsed through daily press by men of prominence throughout the United States and Canada, including supreme court judges, mayors of leading cities, lawyers, doctors, bankers, state and government officials, prominent educators and well-known ministers of the gospel.

Now sold from coast to coast and from gulf to Great Lakes, throughout the United States and Canada.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all National and State pure food and health laws of the United States and Canada.

LEADING DRUG FIRMS OF AMERICA TELL OF SALES

Greatest Wholesale and Retail Drug Firms of the United States and Canada Report Remarkable Sales Records

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

Memphis, Tenn.

G. F. Willis, Atlanta, Ga.:

Since taking on the agency, we have purchased in the aggregate 410,422 bottles of Tanlac. The continued enthusiastic sale of Tanlac over such a period is phenomenal, especially when you consider that for the first eight months in 1918 we purchased 164,600 bottles.

Tanlac is giving entire satisfaction to our trade and it is a constant and regular repeater from the same sources and our customers write us that their demands are persistent in the way of repeat orders, as well as from new users.

HESSIG-ELLIS DRUG CO.,
R. R. Ellis, Pres.

Kansas City, Mo.

G. F. Willis, Atlanta, Ga.:

Our records show that we have sold at retail in Kansas City in a little over a year 29,932 bottles of Tanlac, which we consider a splendid record.

The preparation gives universal satisfaction and hundreds of our customers have publicly endorsed it. To date, we have not received one complaint, but on the other hand, many words of praise for Tanlac.

OWL DRUG COMPANY,
By James A. O'Reilly, Pres.

San Francisco, Calif.

G. F. Willis, Atlanta, Ga.:

Tanlac is a great success on the Pacific Coast and today outsells all other preparations in the patent medicine line. In less than a year we sold more than 150,000 bottles at retail and the sales are continually on the increase.

THE OWL DRUG CO.,
R. E. Miller, Pres.

Dallas, Tex.

G. F. Willis, Atlanta, Ga.:

Tanlac is the biggest seller of any medicine we have ever handled or ever expect to handle. In 1917 and 1918 we purchased over 122,000 bottles and for eight months of this year we purchased 92,976 bottles, showing conclusively that Tanlac is here to stay.

GREINER-KELLY DRUG CO.,
By W. E. Greiner.

Atlanta, Ga.

G. F. Willis, Atlanta, Ga.:

In our whole experience in handling proprietary medicines, we have never handled one that sold as rapidly as Tanlac. It sold from the start and is still selling. We have sold carloads after carload and the indications are we will sell many more cars.

LAMAR & RANKIN DRUG CO.,
Lynn Fort, Mgr.

Seattle, Wash.

G. F. Willis, Atlanta, Ga.:

Our purchases of Tanlac thus far amount to about ten carloads in one year. Since we accepted the agency in March, 1918, we have sold 149,224 bottles.

STEWART & HOLMES DRUG CO.,
A. B. Stewart, Pres.

Fort Worth, Texas.

G. F. Willis, Atlanta, Ga.:

During the thirty-three months that we have been handling Tanlac we have sold 251,712 bottles and find it the greatest seller we have ever handled. We can say without hesitancy that our customers have increased our sales right along since they have accepted the agency without any complaint along any line as to guarantee, etc., and it is a satisfaction for us to know that we guarantee sales to our customers the same as you guarantee us in the reliable, honest and square methods upon which you have built up such an enormous business.

Very kindly yours.

MAXWELL-CLARK DRUG CO.

Salt Lake City, Utah.

G. F. Willis, Atlanta, Ga.:

Since we have had the Tanlac account we have sold in excess of 60,000 bottles and it is still "going strong."

SCHRAMM-JOHNSON, Drugs.

Houston, Texas

G. F. Willis, Atlanta, Ga.:

Tanlac purchases have aggregated in two years approximately 267,000 bottles. These are stupendous figures, but we are selling Tanlac thus far in 1919 on a greater schedule than we have during any similar period in the past.

SOUTHERN DRUG CO.,
B. B. Gilmer.

Portland, Oreg.

G. F. Willis, Atlanta, Ga.:

Tanlac is the latest proprietary medicinal preparation on the market today. We have sold approximately eight cars in eleven months.

BLUMAUER-FRANK DRUG CO.,
H. J. Frank, Pres. & Mgr.

Toronto, Ont., Canada.

G. F. Willis, Atlanta, Ga.:

Tanlac has been the greatest selling proprietary medicine we have ever handled. We have handled five carloads in six months, and, since accepting the agency, have sold 18,954 bottles.

THE LYMAN BROS. & CO., LTD.,
Chas. McD. Hay, Pres. and Mgr.

Omaha, Nebr.

G. F. Willis, Atlanta, Ga.:

We averaged one car per month of Tanlac the first year and we are now in our second year and the moment we receive one car we order another one. Our total sales aggregate 205,041 bottles.

RICHARDSON DRUG CO.,
Per H. S. Weller.

Kansas City, Mo.

G. F. Willis, Atlanta, Ga.:

We are now working on our eighth car of Tanlac, having disposed of over 400,000 bottles, or nearly half a million bottles in six months. In a few instances we could not get the Tanlac fast enough.

EVANS-SMITH DRUG CO.,
Julius M. Price, purchasing dept.

RETAILS 700 BOTTLES
OF TANLAC IN A DAY

Atlanta, Ga.

Mr. G. F. Willis, Atlanta, Ga.:

Dear Sir: Replying to your inquiry we are pleased to advise that we are now selling Tanlac at the rate of considerably over 2,000 bottles per week. One Saturday alone we sold through our eleven Atlanta stores approximately 700 bottles at retail, direct to consumers. On referring to our records, we find that our sales since its introduction here have reached the astonishing total of 30,000 bottles.

This record is far in excess of any we have ever made before in the distribution of any one preparation—in fact, we have never handled anything that even approaches it as a seller.

Thousands of our best people are now using the preparation with the most gratifying results, and we can only account for the phenomenal demand we are having by the fact that it is a medicine of extraordinary merit.

Assuring you of our high appreciation for the splendid co-operation you have accorded us and with best wishes for your continued success, we beg to remain, yours very truly,

JACOBI'S PHARMACY CO.,
Per Chas. A. Smith

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will be Sold in Lima by Hunter's Drug Stores. Remarkable Sales Record of Twelve Million Bottles is Not Only Phenomenal But Unprecedented.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada and which has been having such a phenomenal sale wherever it has been introduced, will now be sold in Lima by Hunter's Drug Stores, and throughout Northwestern Ohio by The Wadding, Kinnam & Marvin Co., of Toledo, well known wholesale druggists. The amazing success achieved by this medicine in only four years' time is not only phenomenal but unprecedented.

The discovery of Tanlac, the beginning of its manufacture, the establishment of the large and modern laboratories at Dayton, Ohio, occupy more than 60,000 feet of floor space, read more like fiction than facts from latter-day commercial history.

Twelve Million Bottles Sold in Four Years

Although placed on the market but little more than four years ago, over twelve million bottles have been sold and its sales record probably has never been equaled in the history of the drug trade in America.

From coast to coast and from gulf to the Great Lakes, Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine of all time. No matter where you go throughout the United States, whether east, west, north or south, Tanlac is a household word and is now unquestionably the most widely talked of medicine in the world today.

Briefly, this is the record of the truly marvelous medicine which will now be placed within the reach of everyone. In only a few weeks' time it will be placed on sale in practically every large city, town, village and hamlet through the State of Ohio.

Remarkable Results Discussed Everywhere.

The fame of Tanlac and the remarkable results it has accomplished have become a subject of wide discussion all over the United States and Canada. In fact, this celebrated medicine has become the sensation of the drug trade everywhere.

But few people realize what a really remarkable record this medicine has made. Indeed, if it were not for the unquestionable facts and figures given out by the best known firms of the country, whose statements can not be doubted, to say nothing of the thousands of testimonials from well-known men and women which have appeared in the daily press, the story of the success of Tanlac would be hard to believe.

PROMINENT MEN PRES. OF STATE OUT FOR TANLAC BOARD INDORSES

Mayors, Judges, Lawyers, Doctors, Educators, Ministers, Indorse it.

The following letter from Dr. Wm. E. Bingham, president of the State Board of Pharmacy of Alabama, is probably the first indorsement ever given a proprietary medicine by an official of this department of a state government and the same is sufficient answer to any one who doubts the high esteem in which Tanlac is held by leading druggists everywhere.

Dr. Bingham's letter follows:
Tuscaloosa, Ala.

Mr. G. F. Willis, Atlanta, Ga.

Dear Mr. Willis:—In reply to yours of recent date I am pleased to advise that the Bingham Drug Company has never handled anything that even approached Tanlac in popularity. We have sold 1,100 bottles since securing the agency, and it is going here at the rate of 300 bottles per month.

Every one here who has used Tanlac speaks of it in the very highest terms, and the repeat orders from those who have used it are remarkably numerous and show conclusively that it is giving great satisfaction. It is the talk of the town, and everybody seems anxious to recommend it to his neighbors.

I have been interested in it as a medicine and have observed the satisfactory use of Tanlac in a number of local cases of chronic disorders. You could get some excellent testimonials here, for it has produced remarkable results in a number of cases.

We value our agency highly, and can say that we have never handled anything that gives as much general satisfaction as Tanlac.

Our sales are increasing continually, and I desire to thank you for the splendid co-operation you have accorded us. Very truly yours,

BINGHAM DRUG COMPANY,
Per Wm. E. Bingham.

WORLD'S RECORD IS
BROKEN BY TANLAC

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Staid business men to whom the actual figures of the production of Tanlac have been presented have scouted them until the proof was shown. The production of Tanlac now stands at the rate of almost four million bottles per year. The exact figures are 3,992,800. The sale of a million bottles in the first nine months, which far exceeded any record ever made by a proprietary medicine, now seems insignificant.

"One firm alone," said Mr. G. F. Willis, the international distributor of Tanlac, "has given orders for a total of 156,000 bottles within eighteen months' time. The firm I refer to is the Spurluck-Neal Company, of Nashville, Tenn. Mr. C. S. Martin, president of this great firm, who is also president of the Southern Drug Jobbers' Association, will verify this statement."

"Not a day goes by without Tanlac being sold. It is the best seller we have and gives perfect satisfaction to every one. We always keep Tanlac to the front."—COLBY DRUG CO., Milan, Tenn.

LARGEST IN HISTORY
OF THEIR BUSINESS

Nashville, Tenn.

G. F. Willis, Atlanta, Ga.:

Dear Sir:—It gives us pleasure to state that the wholesale distributing agency of Tanlac for this territory, secured from you, has proved very satisfactory to us.

Our books show we have bought and disposed of 182,000 bottles of Tanlac in this immediate territory, thereby setting a record as the largest sale by us in a given time of any proprietary remedy in the history of our business.

These sales have been made with no effort on our part and without complaint on the part of our patrons and subagencies.

SPURLOCK-NEAL COMPANY,
(Signed) C. S. Martin,
Vice Pres. and Gen. Mgr.

Our Profit from all Sources

The American Public does not believe all it reads. It insists on being shown.

When Swift & Company says its profits are only a fraction of a cent per pound, many believe we are not telling the whole story—that there are hidden profits.

Here Are The Facts:

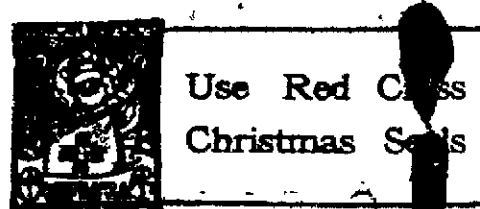

Our net profit on our entire business for the year 1918 amounted to only 1.76 cents per dollar of sales, or less than one-half cent per pound, and

1. Included profits from hides and all other by-products.
2. Included profits from all sundry side-lines.
3. Included profits on all subsidiary corporations.
4. To sum up—it included the entire profit from every source of revenue in which Swift & Company has any interest. There are no other profits.

Furthermore our accounts have been checked and certified annually by leading public accounting firms.

Swift & Company is sincerely trying to get the facts before the public. If you have any questions regarding our business—write us—and we will do our best to answer them. In discussing the packing business be sure you have the facts and that you are not unintentionally spreading misinformation.

If you get the facts we have no doubt as to the verdict.

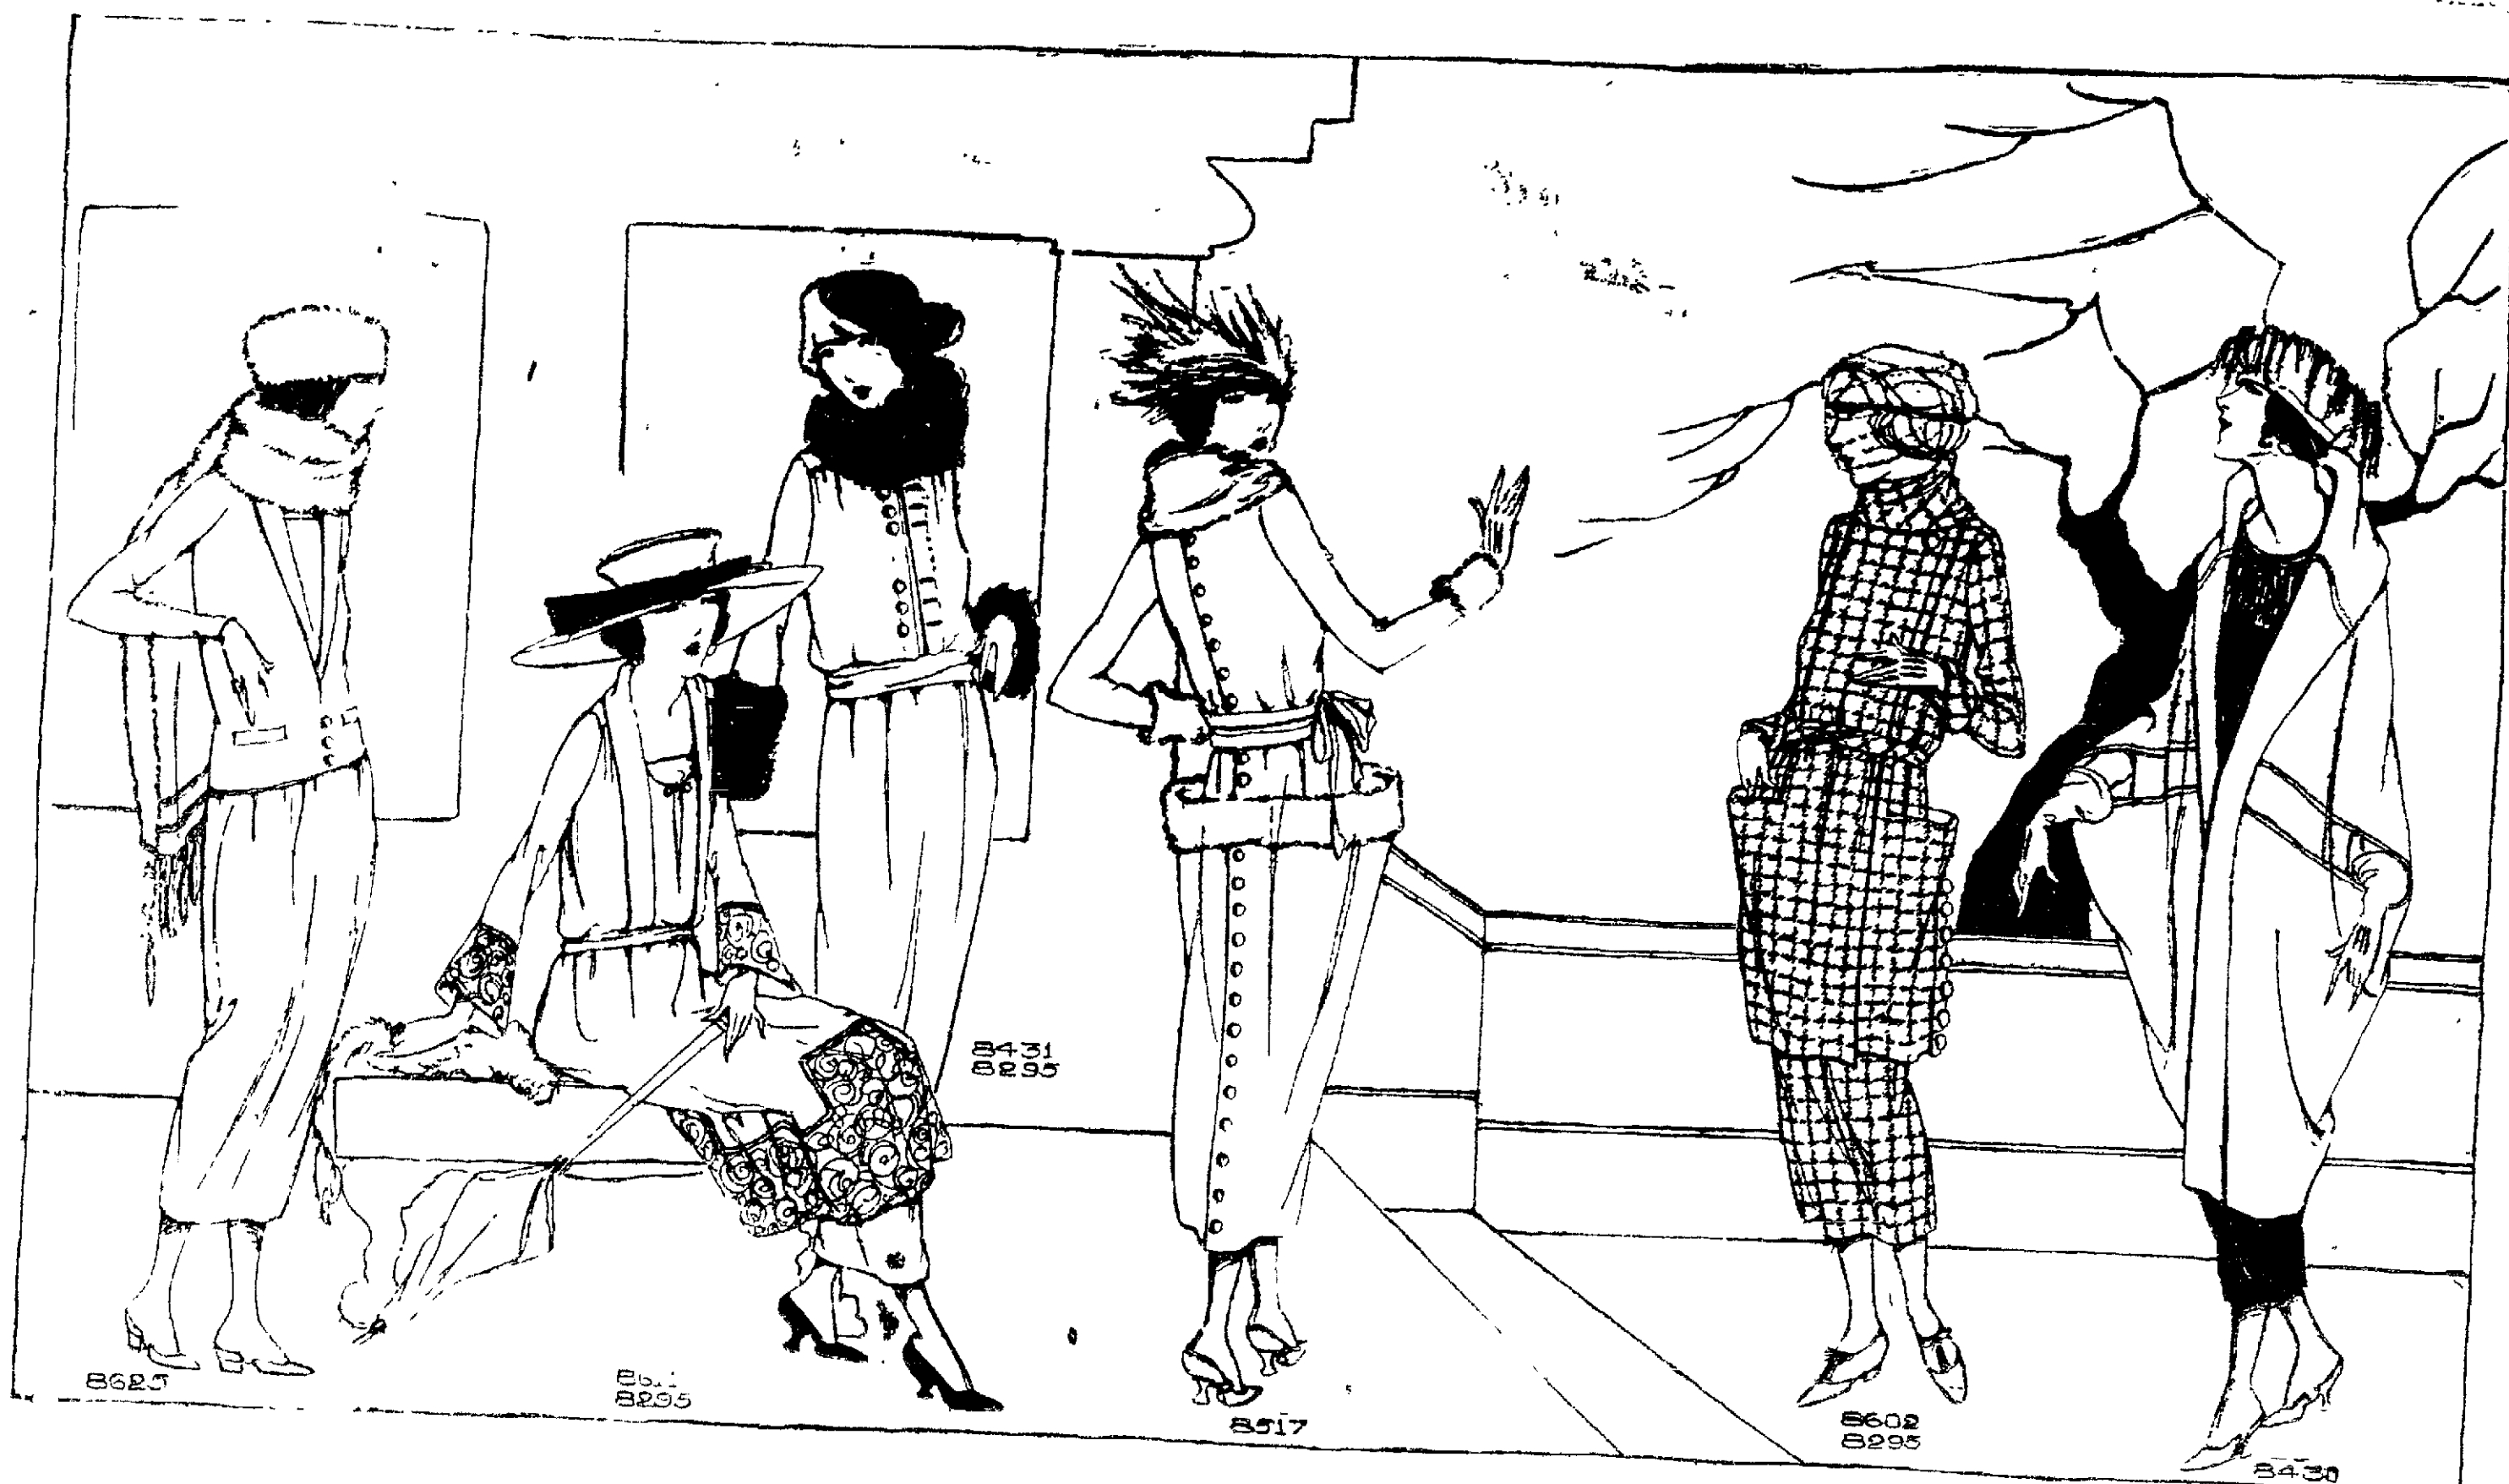

Swift & Company, U. S. A.

Lima Local Branch, 123 East Wayne Street
E. M. Gordon, Manager

ARTISTIC FROCKS FOR ALL DAY WEAR AND INFORMAL SOCIAL FUNCTION

Simple Modes Characterized by Finesse of Detail and Elegant Appearance—Plain Duvetyn and Check Velours for Many Ideas Worked Out in, Tailleur
Flattering Wrappings of Fur and Velvet for the Neck—Most Valuable Designs Are Those Planned to Meet All-Round Needs—
Soft Touches Achieved by the Use of Becoming Furs—Wraps Feature Whims of Line and Fold Beloved by Paris.

By MADE HALL

THE most successful frocks from the standpoint of the well-dressed woman who wishes something not too elaborate nor too expensive for general wear. The models featured today answer that demand very satisfactorily. They are simple in effect, elegant in appearance and characterized by a finesse of detail that makes them seem far more costly than they really are.

Home Dressmaker's Corner

Evening Blouse With Gathered Tunic Late in Pleats at the Sides

It can be original without a clovefold of the satin for wearing. It is a simple, yet elegant, and this is as true of the gown as of the dress.

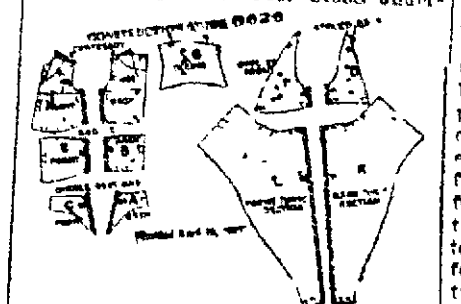

Satin Evening Gown

simple and unusually good looking costume for formal wear is the one pictured here. It is developed in pink satin combined with all-over lace. Satin may be used entirely, however, with just as good effect. The underbody is cut off straight across (under the arms) and this may be of lace. The two-piece tunic is gathered at the top and laid in plaits at the sides. The overbodice has a deep V-shaped

fold of the satin for wearing. It is a simple, yet elegant, and this is as true of the gown as of the dress. The triple "T" perforations of the front tunic section and the single "T" perforation of the front skirt section are laid along the crosswise fold of satin. The applied back and fronts have the large "O" perforations resting on a lengthwise thread. The same rule applies to the back sections of the blouse and tunic. The sleeves having the large "O" perforations resting on a lengthwise thread while the front has the triple "T" perforations resting along the lengthwise fold.

To make the underbody face front and back from neck edges to about two inches below crosslines of double small "oo" perforations. Close under-

arm and shoulder seams as notched. Turn them in back as notched. Plait lower edge and adjust belt to position.

Next adjust sleeve to position, stitching edge having large "O" perforation along indicating line of double small "oo" perforations to underbody front and back, bringing single large "O" and small "oo" perforations marked 3 and 4 in construction guide to perforations marked by the same numbers in underbody front and back. Stitch lower edge of sleeves as indicated.

For the bodice, close right underarm seam as notched and finish left arm seam as notched. Gather lower edge of

Duvetyn, velours in check or plain effect, broadcloth or serge may be used in the development of any of the models illustrated. The coat of bolivia cloth, may be most elegantly carried out in peachbloom or fortuna cloth. It emphasizes every whim of line and fold beloved by Paris.

In the group is an unusually graceful frock of midnight blue serge designed upon the simplest of lines. Long waist has a deep V-shaped finished with a removable vest. Pocket and buttons of self material form the waist to which the skirt is gathered at the hips. A deep collar of satin supplies a contrasting touch while the neck is enlivened in a stole of brushed wool in a brilliant shade of green.

Copper and tan embroidery are combined on a handsome design in blue broadcloth. The skirt is a two piece affair finished with a deep hem at the lower edge. The blouse has a deep gathered tunic which is bordered with the embroidery. Vest and revers are of self material and the flare sleeves are handsome.

derbody with centerfront, center-backs, underarm seams, and lower edges even, stitch gathers to position. Leave back section free from center back to left underarm edge and finish for closing.

For the applied front, close right underarm seam as notched and finish left for closing. Gather between "T" perforations and 1 inch above. Adjust over the bodice with seams and lower edges even. stitch gathers bringing front edge of front section to center-front (at upper row of gathers) and the back edge of back section to center-back. Bring single small "oo" perforations marked 7 and 8 in construction guide to perforations marked by the same numbers in underbody front and back and tack invisibly at the perforations. Lap the pointed end of back on the front at shoulder seam, and over the seam of sleeve; tack to position.

Tunic—Join front and back tunic sections as notched leaving left side seam free above large "O" perforation to front section and finish for closing. Form plaits crossing on lines of slot perforations, bring folded edges to corresponding lines of small "oo" perforations; bring the 3 single slot perforations near upper edge of front tunic section together over the single small "oo" perforations and press the plaits lightly. Gather upper edge of tunic between "T" perforations and sew to lower edge of blouse with center-fronts and center-backs even; bring side seam to underarm seam and bring the folded edges of the plaits toward the side seam about 1 1/4 inch each side of the underarm seam. Gather lower, pointed end of tunic between "T" perforations and draw gathers to about 1 1/4 inches. Tack gathers at lower edge underneath the lower edge of the skirt to give the pet effect.

Join the two sections of the skirt (on right side) as notched and finish left side edge for closing. Adjust to position, stitching upper edge over the lower row of gathers in applied skirt and applied lower back seams together invisibly about 1 inch above the hem to finish.

R. T. Gregg & Co.

MUST REPLY TO QUESTIONS ASKED BY ENUMERATORS

Citizens Who Refuse To
Give Information Asked
Are Liable to Fine.

MUST BE TRUTHFUL

Census Takers Instructed
To Avoid Disputes or
Threats On Occasion.

Persons who refuse to answer questions asked by the census enumerators "render themselves liable to heavy fine, according to provisions of the census act. Others who are over zealous in furnishing information to enumerators and who endeavor to do so with the intent of causing an inaccurate enumeration become liable to a fine not exceeding \$5,000.

Instructions which will be sent to all enumerators in Allen county from district headquarters in the postoffice building will advise them of their rights and the extent of their authority in taking the census. Every enumerator will be furnished with an identification card and a commission, either or both of which are to be shown in case authority is disputed.

Enumerators will be advised not to lose their temper or to indulge in disputes or threats, but to be courteous and conciliatory under all circumstances. If a person refuses to answer even after diplomacy, tact and evidence of authority have failed, enumerators are directed to call the attention of such persons to the section of the census act covering such cases.

What Law Provides

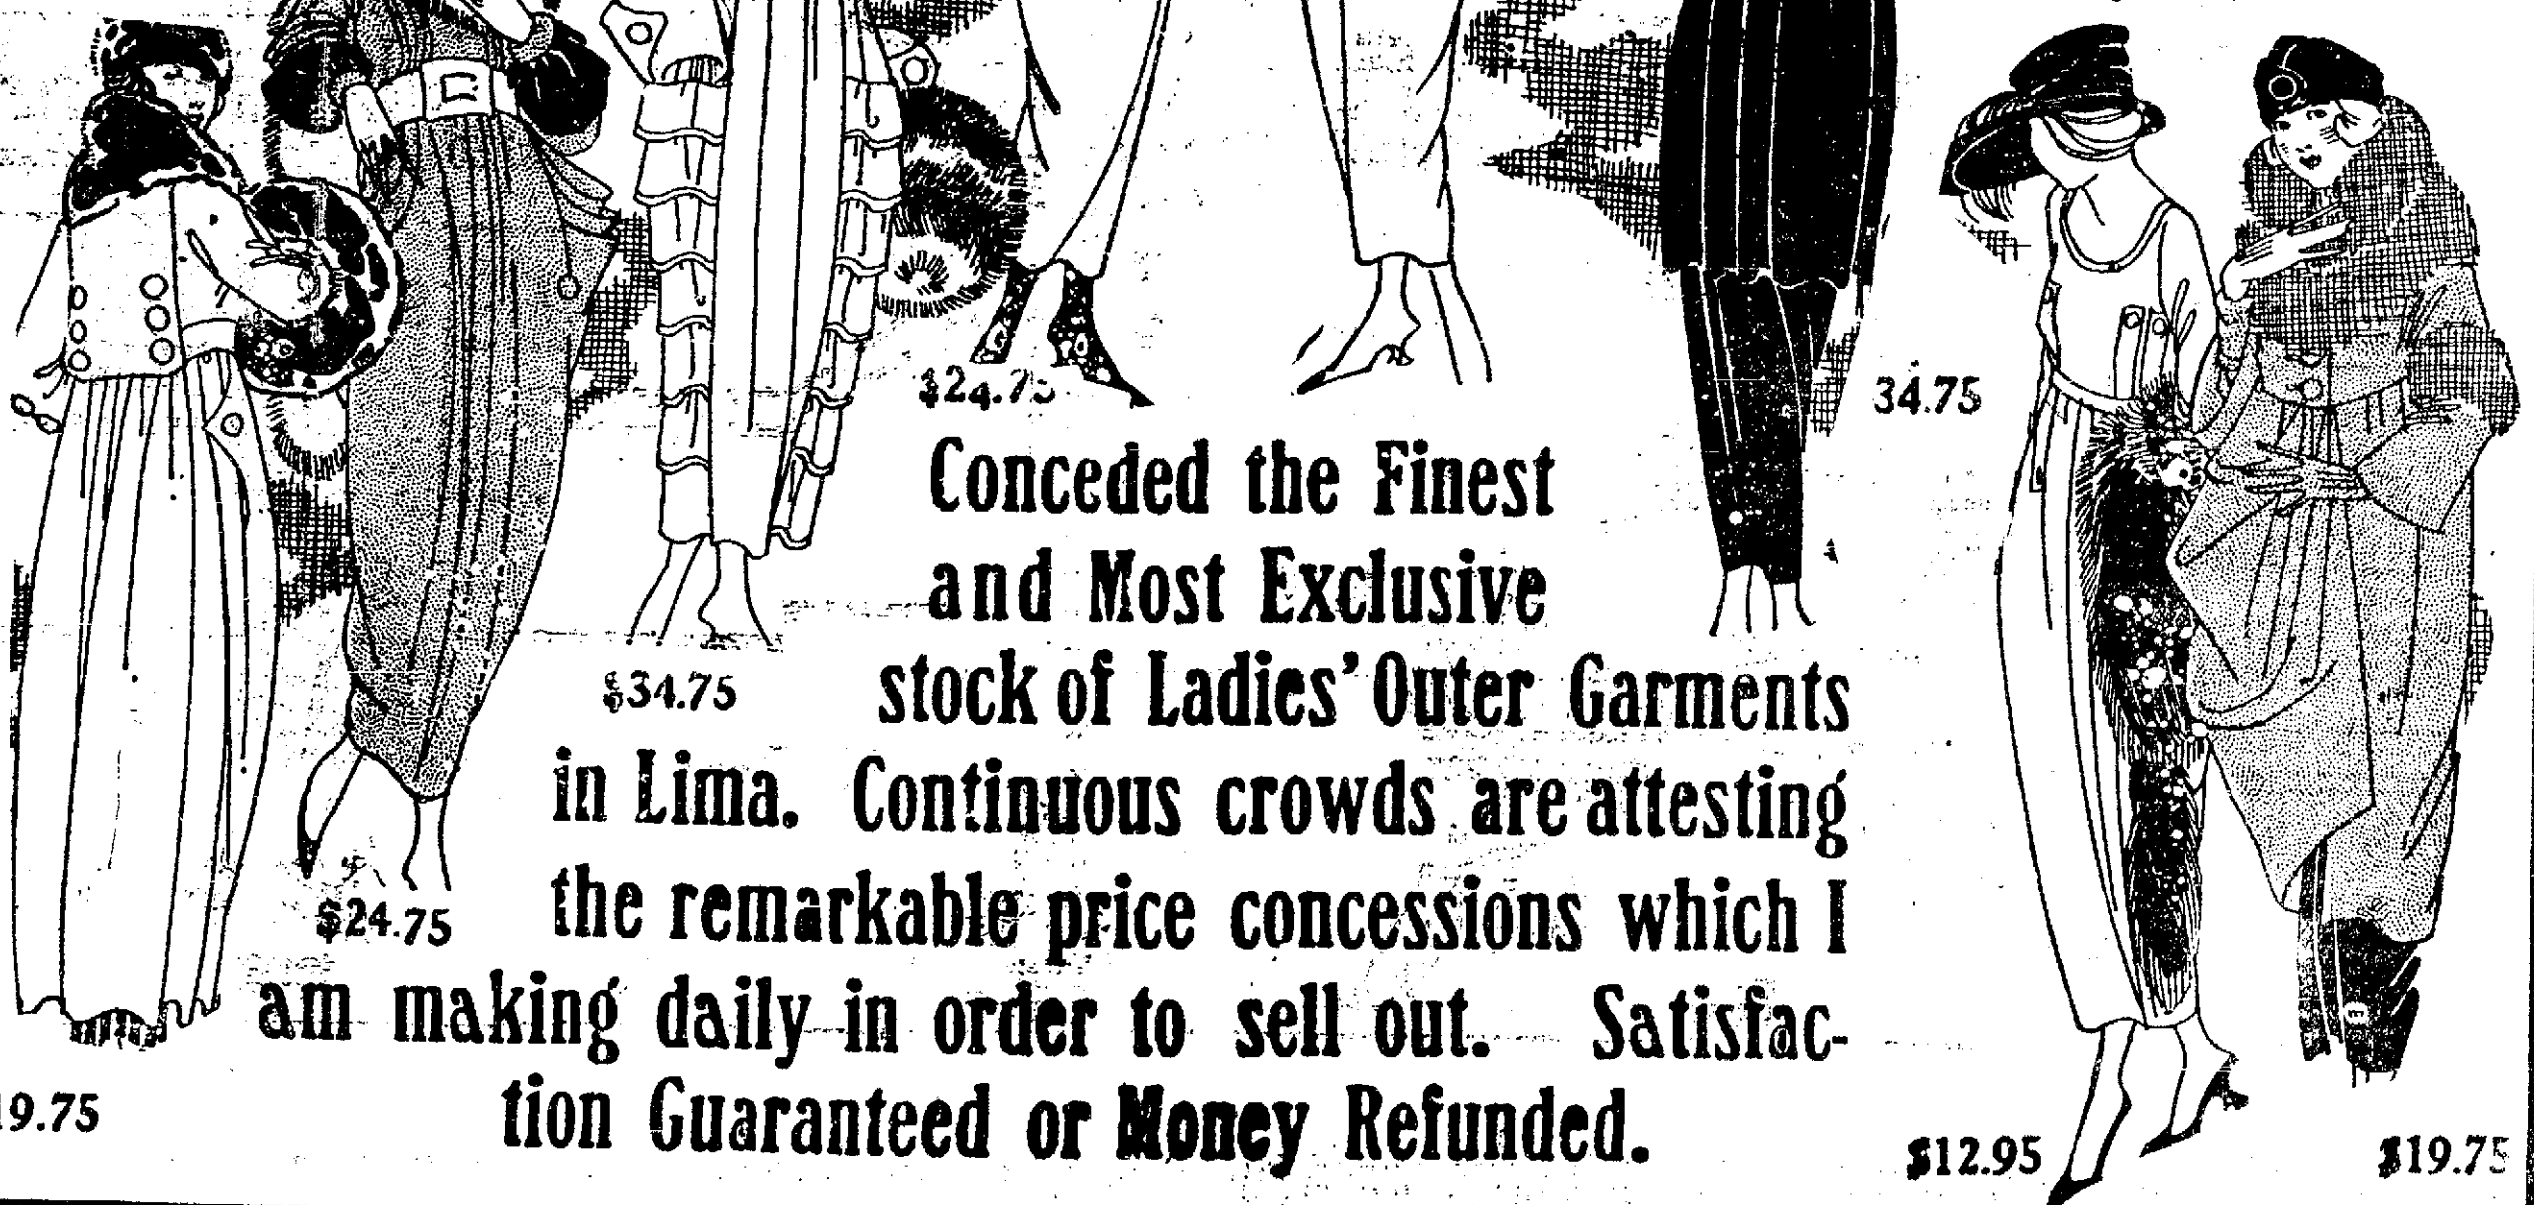

This section reads as follows: "It shall be the duty of all persons over 18 years of age when requested by an enumerator or special agent to answer correctly to the best of his or her knowledge all questions on the census schedule applying to themselves and to the families to which they belong or are related, and to the farm or farms of which they or their families are the occupants. Any person over 18 years of age who shall refuse or wilfully neglect to answer any of these questions or shall wilfully give answers that are false, shall be guilty of a misdemeanor and upon conviction shall be fined not exceeding \$100.

"It is hereby made unlawful for any individual, committee or other organization of any kind whatsoever to offer or render to any supervisor, enumerator or other employee of the census office engaged in making an enumeration of population, either directly or indirectly any suggestion, advice or assistance of any kind, with the intent or purpose of causing an inaccurate enumeration of population to be made (either as to the number of persons resident in any district or for purpose of any other respect. Any individual, committee or organization of any kind whatsoever, who

BREAKS A COLD IN A FEW HOURS

"Pape's Cold Compound" can break up a cold in a few hours.

Don't stay sniffling. Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery.

The very first does opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug store. It acts without assistance tastes nice contains no quinine—insist upon Pape's!

Washington Gossip

directly or indirectly offers or renders such assistance with unlawful intent or purpose, shall be guilty of a misdemeanor and upon conviction thereof shall be fined not exceeding \$5000

Must Give Names.

"It shall be the duty of every owner, proprietor, manager, superintendent or agent of a hotel, apartment house, boarding or lodging house, tenement, or other buildings, when requested by any enumerator or other employee of the census office to furnish the names of the occupants of the hotel, apartment house, etc., and to give thereto free ingress and egress to any duly accredited representative of the census office so as to permit of the collection of statistics for census purposes."

Failure to do this will mean being guilty of a misdemeanor and upon conviction the person shall be fined not more than \$500.

Enumerators are forbidden to communicate to any person any information obtained in the discharge of official duties. Violation of this renders the enumerator liable to a fine of not more than \$1,000. They also are forbidden to give the population of a district or any part. Requests for such information are to be referred to the director of the census at Washington.

HUNTING ACCIDENT

SPRINGFIELD.—Roy Eschebarger, 9, and Edward Hillard, 30, were shot while out hunting. Eschebarger is in a serious condition. He was rodding a rabbit out of a brush heap when Harvey Gammiel fired at a rabbit, the shot hitting the two men.

Every honorably discharged soldier is allowed five cents per mile to his home and a uniform when discharged from the service. Many soldiers of the late war who were discharged before the passage of the law, allowing each soldier full uniform, do not know that they are entitled to this uniform. All soldiers who have not received their uniform may procure the same by writing to B. F. Welty, Room No. 155, House Office building, Washington, D. C.

Special bills introduced by Congressman Welty were passed by the house granting a pension to the following Civil War Widows: Mrs. Margaret Black and Mrs. Mollie Rock, of Greenville; Mrs. Etta Deah, Versailles, and Mrs. Sarah C. Armstrong, of Lima. The house also passed a special bill granting an increase of \$50 per month to Samuel Davis of Lima, Ohio.

Congress is working more than eight hours per day during the consideration of the railroad bill. Under a rule they meet at 10 o'clock and often continue in session until 10 and 11 o'clock at night. Thus it was hoped that the bill could be finished in a week, after which they expect to adjourn.

The railroad bill now under consideration authorized the engineers of the war department to investigate the subject of water terminals with a view of causing physical connection between waterways and railroads, for the purpose of facilitating transportation. A measure tending to transfer this jurisdiction to another department was defeated in the house.

The killing of the four returned soldiers on Armistice Day by the I. W.

W's in the state of Washington has aroused the federal government with a determination to either jail or deport this class of outlaws. Chairman Johnson of the immigration committee introduced a bill transferring the power of deporting undesirable aliens from the department of justice and procured a vote from the committee on rules to take testimony during the recess and after adjournment to support his bill and the bill introduced by Congressman Welty to require all aliens to register during their alienage and pay a fee to be used in support of local boards of education to conduct schools. A sub-committee of the immigration committee will likely take testimony in New York, Chicago and other places in order to avoid the expense of bringing witnesses to Washington.

Peace Treaty in Force Despite U. S. Attitude

PARIS, Nov. 18.—Regardless of the American government's attitude the peace treaty of Versailles will be put into force, according to the prevalent view here today following receipt of the report that President Wilson might withdraw the treaty from the United States senate. What-over happens, the feeling in French circles is that France cannot meet the German plenipotentiaries again and French opinion is that Italy and Great Britain have a like feeling.

Cracksmen Make a \$50,000 Haul

LOUISVILLE, Ky., Nov. 18.—Cracksmen, apparently professionals, broke into the Jefferson County Bank at Jeffersontown, Ky., 12 miles from Louisville last night and got away with Liberty bonds, war saving stamps and cash, variously estimated at from \$10,000 to \$50,000.

Electric motor drills and acetylene gas torches were used to cut a section from the door of the safety deposit vault. Efforts to reach the vault containing the safe with bank's funds were fruitless.

PLAN R. R. MEETING
CLEVELAND, O., Nov. 18.—The four railroad brotherhood chiefs continued in conference here today to consider routine matters and to plan further details in connection with the joint meeting here next Monday of their general chairmen to consider Director General Hines' offer of a new method of overtime payment. They call for the joint conference was telegraphed to the 500 chairmen by the brotherhood chiefs after an all-day discussion of the proposal yesterday.

DISCUSS SHIP'S STATUS
PARIS, Nov. 18.—The status of the Imperator and other German ships aggregating 170,000 tons, now in the possession of the United States was discussed by the supreme council today but no action was taken.

PIQUADS ALLOWED ONE POUND SUGAR

PIQUA, O.—Grocers yesterday cut down the allowance of sugar for each customer to one pound. The prevailing price is 15 cents and a further advance is expected, dealers say, before Saturday. Unless shipments are received within 24 hours there will be no sugar offered for sale in the city.

Housewives are using a popular brand of syrup as a substitute for sugar with good results, it is said.

Utilitarian Presents Will
Vie With Usual Offerings
For Popularity.

VARIETY IS FEATURE

Accommodating Girl Explains
To Times Readers Just
What Is Good.

Utilitarian gifts are to vie for popularity with the usual holiday offerings this year. This is evidenced from the early holiday business now in full sway. Gifts of real worth and practicability drew as much attention and as many buyers as the notion, trinket and jewelry counters during the first week of holiday shopping, Lima merchants Saturday declared. Lima people also have realized that the "first come—better served" motto of the Retail Merchants' association must be given liberal translation and that Christmas shopping must be done early, if satisfactory gifts are to be secured. Heavy buyers of holiday goods was reported by every member of the association Saturday.

The ending of the war a year ago

has freed thousands of munition workers and plants for other service and their peace-time products now are finding their way to Lima stores. The glittering, dazzling, beautiful displays of holiday articles that greet one on every hand in Lima stores is almost beyond description. The new shades, colors, materials, domestic and imported fairly bewildered one—especially one of the male sex. When a lone, inexperienced man attempted to find out just what things were now for Christmas buyers he was almost ready to admit that when it came to knowing "who's what" in Lima gifts, he wasn't any Solomon. Fortunately, however, there are individuals who know and a girl who knows volunteered to tell Times readers just what is "good" and what not for Christmas.

Variety of Gifts
Christmas gifts this year are expected to include everything from an orange to an evening gown. As mentioned above, this in part is to be a practical Christmas. Colors this year are very rich. In evening gowns now shown in Lima stores one may find a weird and exotic Chinese vermillion, unusual purple, peacock blues, colors that one finds in Parish paintings. The colors of rare jewels form the motifs of many French creations and fur colors in gowns are most becomingly combined with real fur trimmings.

Because of a tendency to buy worth while things, many suits will be delivered in Christmas boxes this year. Fabrics are most lavish in color and decorations. Among the new things is duvetyne, which looks like suede and feels as soft as peach bloom. Dark colors prevail, especially the browns. These come named after animals, and nuts, such as monkey-brown or walnut brown. And girls, if you want to be real, real spiffy, you must have a Batik negligee or blouse or vestee. Oh yes, this Japanese importation stands way up stage and is to nyed goods just what diamonds are to the jewel market. Batik is one of the oldest processes & dyeing, is hand-made and very unusual and distinctive in coloring.

Many Novelties
Novelties seen on the shelves and counters in Lima include French and Belgian hand-made necklaces, Turkish, Armenian and Persian neck chains and beaded bags from France costing from \$50 to \$300.

In imported house-things, may be found fine lamps, rugs and brass and copper articles from Russia. Many beautiful things such as sconces, candelabra, and fire dogs are found done in twisted iron, said to be very popular this season.

Japan, too, plays a big part in supplying Christmas gifts for Lima. One merchant who visited the land of flowers returned home with count- less Japanese novelties and much less Japanese silk. Other stores also came to know that when it came to anese toweling, something that has not been received in Lima since before the war. This toweling is used in making curtains, dining room accessories and living porch decorations.

Imported Gloves
Imported gloves are being received for the first time in four years in ladies' wear, genuine lamb skin and chamois are proving very popular, ranging in price from \$2 to \$5. Table linens also are being imported from Ireland, Belgian, Holland and many hand-embroidered luncheon sets from the Madeira Islands. These are linens received since the war ended. Some Italian-made linen is found trimmed in exquisite Italian hand-made lace.

There are many other beautiful things, new and unique. Perhaps never before have so many gorgeous things been offered. But the supply may prove inadequate—certainly no merchant will find himself overstocked. "There is a spirit of enjoyment in the air," said one merchant, "that will find expression at Christmas time in one of the greatest gift campaigns that the country ever has experienced."

BUT THE MARE MIGHT OBJECT

If you see a stray bay mare hitched to a closed black buggy, look at the mare's teeth and see if she is seven years old. If she is, she is being searched by the police. D. M. Clippenger, of Elida reported the loss from East Spring street Monday night.

CASE IS APPEALED

The City Loan and Savings Co., appealed the case from Justice Morris' court Monday, where Lester Miller was granted a judgment of \$150 and costs. Miller bought an automobile from the City Loan and Savings Co., he stated in his petition, the automobile warranted to be in good running condition. Miller says he discovered the car was not as warranted and returned it six days later demanding the return of \$50 paid on it, together with his note for \$100.

Blood Poisoning Results From Slight Scratch

"Special Dispatch to The Enquirer. "Wheeling, W. Va., June 15.—Dr. College, died at a local hospital early today. Death due to blood poisoning, which was caused by a slight scratch which he received on his hand 10 days ago."

The above is an actual quotation from the Cincinnati Enquirer, with names omitted. Give every injury, no matter how slight, immediate attention. Safety suggests that you keep a bottle of House-roun-e-ah always at hand for emergency use. Its highly concentrated antiseptic qualities make only a slight application necessary to thoroughly disinfect any scratch or cut. No danger of infection when House-roun-e-ah (The Original Jones) Liniment is used and yet its action is so mild that it may be freely applied to severe wounds, burns and scalds. Its soothing and healing power is almost magical. Don't risk being without it. Get a bottle from your druggist today. A 4-oz. bottle 25c. Large household size, enough to last a year, 50c. Fifty years' use proves it to be the most reliable household antiseptic. "The kind your daddy used, with my dad's picture on the yellow wrapper." The Dr. J. C. Jones Co., S. Charleston, Ohio.

Sold by Hunters Drug Store, Butler's South Side Drug Store, Lima, E. E. Hansaker, Waynesfield.

ANTI-JAP AGITATION IS CALENDAR EVENT

Nichi-Nichi Says Not Astonishing It Should Be Revived in Pacific States.

TOKIO.—Anti-Japanese agitation is, says the Nichi-Nichi, a calendar event in the United States and it is not astonishing that there should be a revival of it in the Pacific states. It is high time, says the paper, to appeal to thoughtful Americans when legislative bills and resolutions directed against Japanese and resulting from such agitations, are proposed, and these go the length of impairing the good name of the Japanese empire.

Former Senator Theodore E. Burton of Ohio, now staying in Tokio, is quoted as saying the agitation is engineered for purposes of American domestic politics, and has nothing to do with racial prejudices. The Nichi-Nichi disagrees with Mr. Burton and expresses the belief that racial prejudice plays an important part in these agitations, with the danger of imperiling the friendly relations between Japan and the United States.

Discussing the Japanese-American relations the Yorodzu says that when the United States entered the war in 1917, the Japanese in America gave their hearty support to the American cause, and even the Pacific states became pro-Japanese. All their former anti-Japanese agitation being completely shelved for the time.

But from about the time when the armistice was signed last year, and especially after the introduction of the racial equality proposition at the Paris conference by Japan, the pendulum again began to swing backward and once more anti-Japanese movements, in the form of legislative and other measures, are now "rife" throughout California and other western states.

"In short," says the paper, "the United States is now seized by Japophobia. This," says the Journal, "is a shame to American intelligence."

Cashier Called By Grand Jury

Among other things to be taken up by the grand jury when it reconvened Tuesday was the case of the First National Bank, of Bluffton, which closed its doors recently. Cashier Eli Hochstetler was summoned and appeared before the grand jury in the afternoon.

This probe of the bank failure follows an examination of the bank's condition by federal bank examiners which was completed Tuesday, and whose report will be made to the Federal Reserve Bank in Cleveland at once.

AT THE TODAY AND WEDNESDAY.

AMUSEMENTS

DREAMLAND

Life at best is a struggle. It is not an easy thing to live; it is not easy to live up to our ideals, and at times takes great mental and physical strength to keep on the right path and do that which we know is right. If life is at times hard for the normal person, the healthy and strong, what must it be for the defectives and cripples?

Dr. Harry J. Haiselden, in his remarkable problem play, "ARE YOU FIT TO MARRY?" to be shown at the Dreamland theater on Thursday and Friday answers the question so forcibly that anyone witnessing the film is not apt to forget it very readily.

Throughout the play is interwoven with the great and noble plea for better babies, the right for a child to be born free from hereditary taint and free from the overpowering, hopeless burdens of physical and mental defects.

Dr. Haiselden personally appears in the play, and is supported by an all star cast, and because of its great human message and educational value the great movie sermon is well worth seeing. The film was produced in a most refined manner, and there is positively nothing in it to offend anyone of either sex, but owing to the delicate subject with which it deals, it will be shown strictly to separate audiences only, and no children will be admitted.

Miss Martha Lavack, a professional nurse and social worker will lecture before the showing of the film to women only while Dr. H. G. Brooks of Chicago will lecture to men only.

FAUROT—ETHEL CLAYTON. Reviewing "A Sporting Chance," the new Paramount picture at the Faurot, is no child's job. It is a marketable

A NEW EDITION OF THE PATHE NEWS

THE PARAMOUNT MAGAZINE—NOVELTY, TRAVEL, WIT, HUMOR

punctuated luckily, not only by love-making, but by some good two-timed fights as well. Harry the Duke escapes from the penitentiary. He puts glass on the road, and out of commission goes Paul Sayre's car. As he is trying to fix it, Harry sneaks up behind and puts Paul likewise out of business, taking his clothes and his car. Dressed in the convict's garb, Paul wins the sympathy of Carey Brent and gets a job as her chauffeur. He makes love to her, but she repulses him. In comes the villain.

He is a low-life who has some compromising letters written to him by Carey's young and attractive step-mother. Carey learns of his threats, and goes after the letter. He catches her, but Paul also is after the letter, and he saves her and does up the villain in a peach of a fight. Then it comes out that he isn't a convict after all.

The program also contains a fresh edition of the Pathe News and a highly interesting number of the Paramount Magazine.

AT THE LYRIC

Vitaphone brings to the screen another famous Charles Klein stage success in "The Third Degree," which, starring Alice Joyce, will be seen in the Lyric theatre today. "The Lion and the Mouse," recently released by Vitaphone, was conceded one of the greatest dramatic screen triumphs of the year, and it is conceded that "The Third Degree" exceeds even that drama in finish and compelling force.

Miss Joyce never has appeared to better advantage than in the role of Annie Sands, waitress bride of a college youth, who crushes the power of her millionaire father-in-law, sworn to destroy her, and of an all-powerful police inquisition to save her young husband from death for which he was tortured to confess.

Tom Terlis has given the picture a splendid direction, and in the capable supporting cast are Gladden James, Anders, Randolph, Miss Hedda Hopper, Herbert Evans, George Backus, J. T.

Wade, L. Rogers, Lyton and Edward McGuire.

ORPHEUM

All that could be desired by the most exacting theater door is incorporated in the big-time vaudeville bill of five Keith acts at the Orpheum theatre for the first half of this week, opening at the matinee Monday and which will continue through the three shows Wednesday. From first to last, it is a program that is enjoyable, with exceptionally bright spots here and there, which lift it far above the average and make it a truly notable offering. There is not one dull spot. Everyone who sat this bill Monday liked it. Those who fail to see it will miss a great big treat.

The Myrtle Prince Girls are not only beautiful to behold, displaying some really marvelous gowns, too, but they are artists from the soles of their slender feet to the tips of their shapely hands.

One of the most delightful maid-and-man comedy duos which has come to the Orpheum this season—and there have been several which have veritably stopped the show—is constituted by Jack and Eva Arnold.

The two White Brothers demonstrate that there is something new in the nature of a acrobatic offerings.

Fox and Evans present "The Shades of Night," which they describe as "a sensational operatic novelty."

Songs that are different and dances which are novel, presented with a charm of personality and gracefulness of manner most entrancing, make up the act of Janis and West, a pretty young woman and a clever young man.

TYPHOID SAID TO BE IN MILK SOLD IN LIMA

AUTHORITIES ARE AFTER EVIDENCE ON MILK DEALER

Declare Local Dealer is Responsible For One Death and Much Illness.

GERMS IN MILK SOLD

endeavoring to Secure Evidence For His Arrest and Conviction.

Efforts are being made by the local health authorities to secure positive evidence against a local milk dealer, who, it is stated, is the direct cause of the death of one Lima person and the serious illness of more than 25 others, from typhoid fever, the germs of which were carried from milk in his dairy to the various homes in the city.

"The name of this milk dealer is known by health authorities, but cannot be divulged at this time, until it is positive that proof of his criminal carelessness is brought to light." The above statement was made to The Times today by a local health board worker. In the cases of contagious diseases, especially typhoid fever, a thorough examination must be made as soon as the case is reported to health authorities, to determine if possible its source.

Many Cases Here

Many cases of typhoid now in the city, some of which are serious and others which are nearly recovered, have been traced to this one milk dealer, who still fights to be allowed to bring his milk to the various homes in the city who are his customers, according to attaches of the Health Board. On his farm is an old well, which is polluted beyond description, they say, and yet he is still permitted to bring his germ laden milk into the city. It seems that some stringent measure could have been taken before this to bar this dealer, for the time being at least from selling his milk to customers, but so far no action has been reported, it is understood. It would be far better if some step would be taken in this matter by whatever authorities are responsible, before several others deaths result from drinking this germ laden milk, a Lima citizen stated today.

PREPARING FOR XMAS SEAL DRIVE

Consignments of the Red Cross Christmas seals will go out this week to every village chairman of the Allen County Child Welfare Association and to ninety-five teachers of township schools. There is already a great rivalry on between the children of these schools who understand that the larger part of every dollar collected goes directly to the funds of the Welfare association for carrying on the good work begun some time ago by the rural nurse, Miss Nikel. These children are anxiously awaiting the inauguration of the health crusade competition which is to be a feature of the work of Miss Nikel and her aids beginning in the month of December. The income from the sale of the Red Cross stamps is to be applied to the purchase of the necessary equipment such as scales, measuring sticks, badges, etc. to be used in the crusade work.

WANTED IN TOLEDO: ARRESTED IN LIMA

George Browning, alias Albert Leach was arrested by police and taken to Toledo Monday by Chief Roush and Roy Bowersock. Browning was wanted by the police of that city for the theft recently of \$25,000 of silk from Toledo stores, police say. He was arrested in Toledo on the 8th November, according to police, and escaped after being released on \$5,000 bond.

"BEND A CRAB" TEN TIMES

Great Exercise to Keep Liver and Bowels Active, But if You Won't, Then take "Cascarets"

...tending ex-ercises, taking long walks, or chopping wood to keep the liver and bowels active, but most folks take this exercise in an easy chair. Such "good Cascarets," else they suffer from sick headache, sour, acid stomach, indigestion, colds and are

Fair Managers To Meet in Cleveland

Members of the Allen County Fair Board have received notice of the annual meeting of the Ohio Fair managers which will be held November 24-25 at the Statler Hotel, Cleveland. Matters affecting the fairs of Ohio will be discussed and exhibitors, concession men, horsemen and others interested have a general invitation to be in attendance. A. P. Sandick, Ottawa, is president, and A. E. Schaffer, Wapakoneta, secretary.

ORDINANCE WHICH CALLS FOR SALARY CUTS IS PASSED

Efforts Of Mayor To Have Council Reconsider Prove Futile.

PASSED OVER HEAD

However, Water Works Engineers Will Not Have To Work Shorthanded.

Despite all efforts on the part of Mayor Simpson to have council reconsider the ordinance calling for reductions in the salaries of various city officials, and for the abolition of certain offices, that body last night passed the ordinance. The legislation was passed over the head of the mayor who refused to sign it, stating, it is not fair to either the officials, the mayor-elect or the taxpayer. However, upon action of the local engineers' union, the body will pass necessary legislation which will re-install the engineer at the water works. This is one of the offices ordered abolished in the original ordinance.

Entered Into Contract.

Some time ago the city entered into a contract with its engineers who are members of Local No. 599, International Union of Stationary and Operative Engineers. It is the contention of the union, when the force at the water works is cut down, the city is guilty of a breach of contract. The communication from the union signed by George Metzger, president, in part follows:

"Every engineer is duty bound to live up to the contract, and we insist that the City of Lima do the same."

It is the contention of Mayor Simpson that the passage of the ordinance is unfair to the present officials, the mayor-elect and the taxpayers. He declares, as the salaries now are only in accordance with living expenses, it will be practically impossible to secure men capable of efficiently filling the offices at the salaries which will be offered the first of the year.

Rupert Gets Raise. The salary of City Auditor D. L. Rupert was increased last night from \$2,100 to \$2,880. This increase it is understood, will take effect immediately. Rupert's original salary was made in 1917.

Mayor Simpson refused to sign the ordinance making it unlawful for hucksters or others to peddle commodities upon the streets of Lima on market days. The first section of this ordinance reads as follows:

"It shall be unlawful for any persons or persons, firm or corporation to huckster or peddle on the public streets and ways of the City of Lima, any vegetable, meat or food commodity on Tuesdays and Thursdays during the hours of from 4:30 a. m. to 11:30 a. m. and on Saturdays from 4:00 a. m. to 11:00 a. m., and from 4:00 p. m. to 10:30 p. m."

Mayor's Contentions. It is Mayor Simpson's contention that the passage of this ordinance will work a hardship on milk and bread concerns. This, also, it has been cited, will abolish the curb market, which in summer, holds forth on these mornings. However, this ordinance, like the other, was passed over the head of the mayor.

The Chicago and Erie railroad was given permission to construct a switch across Greenlawn avenue. Council passed the legislation for the issuance of deficiency bonds to the extent of \$12,900 to take care of the deficit for the year of 1919. In the future deficiency bonds may only be issued by a vote of the people.

It is very probable the Elm street bridge will be repaired in the very near future as council has asked Service Director Methuen to make a report on the structure.

Medics Will Meet At State Hospital

Lima physicians and members of the Allen County Medical Society will participate in a medical clinic to be held this evening at 8:15 o'clock at the Lima state hospital in connection with the regular meeting of the society. Dr. Charles Clark, superintendent of the Lima state hospital is an annually host to the members of the society, for a clinic to study special cases and forms of insanity. Several of the patients at the hospital will be used as subjects.

Dr. Clark and assistants will have charge of the clinic. The trip to and from the hospital will be made in autos. Dr. G. R. Clayton, president will be chairman for the evening. No other program has been arranged for this evening's meeting.

IS CABLE AFTER JOB IN CONGRESS?

Jim Faulkner Says Lima Man is Flirting with G. O. P. Right Now.

Is John Cable, prosecuting attorney of Allen county, seeking the nomination of the G. O. P. for congress in the Fourth district next year, Jim Faulkner, noted political writer of the Cincinnati Enquirer, says he is. This is what the inimitable "Joems" has to say:

"The young fellows are forging to the front in Lima. Joyous proclamation is made that the democratic mayoralty victory is due to the Napoleonic work of Francis Durbin, son of the old veteran of many a hard-fought campaign, State Chairman William W. Durbin, of Kounton. Young Durbin is an attorney and took an active part in directing the fight against Colonel 'Jack' Harley, the Republican nominee, winning by less than 30 votes."

It is also announced that Prosecuting Attorney "Johnnie" Cable son of that old republican wheelhorse, D. J. Cable, will be a candidate for the republican nomination for congress in the Fourteenth district. The prosecutor has displayed unusual talent for gaining friends and his supporters think that, with a democratic row in prospect over the nomination, he can be brought through the "busted" line a winner. It is unlikely that any other republican will oppose him for the nomination. But that's farther along in the prospect should grow more favorable for the republican cause all the red-eyed demons in Gehenna won't stop a rush for the job on the part of patriots who have waited for, lo, decades and decades."

ENCOURAGE TOTS TO READ BOOKS

Not many Lima people realized that last week was National Children's Book week. It was celebrated with great enthusiasm in New York and the east. One of the slogans was "More Books in the Home." Another was "Make it Play to Read each Day." The Lima Women's clubs are, however, championing the monster pumpkin donated by Fire Chief Mack to the Child Welfare Association on its various rambles about town, and at every visit its guardians return it to its temporary abiding place in the Camera Shop window with several dollars added to the fund being collected with which to purchase books and install a regular children's book department in the public library.

Soon the big pumpkin will be done into pies and it is probable that these will be auctioned off at an affair to be arranged at one of the downtown clubs. It is intended to make the big golden member of the prize winter fruit family the central figure of the children's Thanksgiving this year.

They Weave Not Neither Do They Spin, Says Chief

Better keep your eyes open for the strong arm of the law if you have no visible means of support and wish to remain in Lima. Chief of Police Roush instructed all his "cops" Tuesday to the effect that no cases of vagrancy will be tolerated in the city, and that immediate arrests are to be made to eliminate the nuisance.

The chief thinks there are a few pests in Lima who depend on their luck at cards or other methods of gambling, supplemented by stealing in cases of dire necessity to obtain their livelihood, and this vagrancy crusade is part of a net being spread to rid the city of all undesirables.

MILD WEATHER AIDS DEALERS IN BATTLE WITH COAL FAMINE

Other Cities Are Suffering Far More Than Is Lima.

COAL IS CONFISCATED

Officials Say Coal Situation in Chicago Must Be Relieved.

A general program being carried out by the United States fuel administration for the relief of the industrial situation in Chicago, resulted in the confiscation of more than 80 cars of coal from the various railroad yards of Lima Monday. Other cities of the state suffered likewise, Lorain and Sandusky being among cities to have coal confiscated.

This confiscation of coal here may create a serious coal shortage, especially if cold weather should set in soon. The consumption of coal is very low at the present time, dealers say owing to the unusually mild weather, but if cold weather should set in at once there would no doubt be considerable suffering among those who have not been thoughtful enough to lay in a supply in advance.

The City Coal company has at the present time about 2,000 tons in their yards, officials of that company said, Tuesday. This amount under present rate of consumption would last probably three weeks, it was said but a sudden fall in temperature would cause it to be used up much more rapidly.

No anxiety is being shown by officials of the Ohio Electric company, who feel assured that the policy of the United States fuel administration to give preference in the use of coal to public utilities will assure an ample supply. "Although the supply of coal now on hand is only sufficient for a few days," said an official of the Ohio Electric, "a supply now in transit and it is thought it will not be diverted to any other destination."

The general opinion of dealers here seems to be that when the present supply of coal is exhausted there is bound to be an increase in price. This theory is founded on the present difficulty in obtaining it in quantities and the slowness of the miners throughout the country to respond to the recall of the strike order. This indicates, it is said, that the production of coal will not reach normal until some arrangement is made whereby the miners gets an increase in pay, and as a result there will be an increase in the price of coal.

In addition to the coal shortage in Chicago, the situation has become acute in several of the middle western states. R. B. Mann, superintendent of the Toledo division of the Baltimore and Ohio railroad has received instructions to forward 100 cars per day from fields on that line to relieve the situation in Iowa, Nebraska and adjoining states.

BREACH OF PROMISE SUIT IS STARTED

The \$10,000 breach of promise suit of Bernice Washburn, former elevator operator at the Lima House against C. Mitchell Durbin, merchant of Harrod was commenced in common pleas court Tuesday morning.

In the petition of the plaintiff it is alleged they entered into a matrimonial agreement on August 7, 1918 after an acquaintance commencing about June 1, 1918. Durbin "rendered enjoyment, affection and love" to the plaintiff; she alleges, with the purpose of obtaining the same in return. The plaintiff alleges she did not know Durbin was married until October 1, 1918, and that since that time she has "suffered in health, physical and mental injury" to the extent of \$10,000 which she asks from the court.

Durbin in his answer denies any promises of matrimony but admits he took the girl riding in his automobile several times.

Mayor Call Health Board Meeting

A special meeting of the board of health has been called for Tuesday evening by Mayor Simpson, at his office at 7:30 o'clock. The purpose of the meeting is to complete the organization of the health board under the new Hughes law which recently went into effect. This law will go into effect on January 1, 1920, and before that time many drastic changes in the present health administrations must be made.

TO IMPROVE MARION PLANT. MARION—The Pollak Steel Co., Cincinnati, which recently purchased the Interstate Iron & Steel Co.'s rolling mill here, contemplates numerous improvements to the Marion plant.

Automobile Men Will Meet Here

Every automobile and accessory dealer and garage man in the city of Lima is urged to be present at a meeting of the Ohio Automobile Trade Association which will be held Wednesday evening at 8 o'clock at the Lima Club. This meeting will be held in the interest of all branches of the automobile trade. Victor Moon, secretary of the organization, will be the principal speaker, and has something of vital importance to say to every person connected with the trade. Other speakers will be President Mitzell, of Canton, and Vice-President Auble, of Akron.

That this organization has done a world of good to both members of the automobile trade and their customers, there is not a doubt, according to members. The association has, in many cities, founded a fair rate for repairs, and overcome many difficulties due to negligence, of which the customer is made the "goat," it is said.

TO HAVE RABBIT HUNT

Members of "Old 91" Knights of Pythias, have rabbit on the brain, and they will not be satisfied, until they get the rabbits in their stomachs, so on Wednesday evening, November 26th, there will be a big rabbit feast at their hall on South Main street.

INSPECT INSTITUTIONS.

Following an inspection of the Allen County Children's Home, the county infirmary and the juvenile detention home by the Allen county board of visitors, they made a report that all of the above institutions were found to be in a satisfactory condition.

MARRIAGE LICENSE

Leo LeRoy Murdock, 34, expressman, 216 North Jackson street and Pearl May Davis, 24, 128 1/2 East Sprig street.

INFORMATION TO HOLDERS OF BONDS

Here's some information that may be of interest to you if you are a holder of a Liberty bond of the second issue, the last coupon of which was clipped November 15. Although the last interest coupon is clipped, the face value of the bond is not due, and cannot be taken to a bank or post office and cashed until November 15, 1942.

This is what to do with your bond: Take it to any bank between now and March 15, and you will get a receipt to be held until the bond can be exchanged on that date for a permanent bond, bearing 4 per cent or 4 1/2 per cent interest. If the bond is presented December 15, a temporary bond with one coupon will be issued, bearing 1/4 per cent interest. This will in turn be exchanged for the permanent bond on March 15.

It is estimated that over \$600,000 was paid to bond-holders in the state of Ohio alone on the 15th of this month, and of this Lima had more than her proportion. At least 75 per cent of these bonds had been converted previous to November 15, it is said, and consequently 4 1/4 interest was drawn on them.

BOWLERS OPEN LEAGUE AT "Y"

Teams of the newly organized business men's bowling league met for the first time on the alleys of the Y. M. C. A. Monday evening, with the result that Starrett's All-Stars defeated the team of the Otawa Paint Company three straight games.

Other teams belonging to the league are Mayor Frank Burkhardt's team, Thomas' North Star team, kidney disease.

Deisel Company and the Buckeye Pipe line. They will meet at the Y. M. C. A. from 6 o'clock to 8 o'clock each Monday, Wednesday and Friday evening.

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to Flush Kidneys if bladder bothers you.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatism, severe headaches, acid twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary tract clean, thus avoiding serious kidney disease.
